78000000 - Electrical Supplies

Description:
Rechargeable torch with 8 LEDs and an additional foldable reading lamp with 8 LEDs, packed in a cardboard box. The housing of the rechargeable torch is made of dark red plastic, with a silver operating button and a red charge indicator LED. The battery can be charged with a built-in mains supply cord which is placed in a storage compartment of the torch. A shoulder strap is attached to the torch. Technical parameters: 32 Lumen; 4V/1000 mAh; 230 V; 50Hz~; Class II.

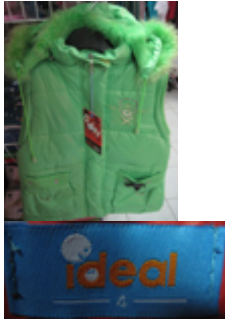

Country of origin: China

cord is not sufficient. In case of a short circuit the wires may overheat and could cause a fire; • the dimensions of the plug are less than required therefore the user may touch the pin of the plug during connection; • the storage compartment of the mains has sharp edges. In case of damage to the cord, live parts could become accessible; • the protective lampshade can be removed by hand during charging, resulting in live parts becoming accessible.

The product does not comply with the requirements of the Low Voltage Directive and the relevant European standard EN 60598.

Description: Orange toy whistle with cord.

Country of origin: China

Choking, Strangulation

The whistle may easily break and release the small ball inside which may become accessible to small children. If ingested, the ball can get stuck in the larynx and small children may choke.

Furthermore the cord attached to the whistle is a fixed loop and has no breakaway feature. This may cause the child to be strangled.

The product does not comply with the
