The Rapid Alert System for Non-Food Products (RAPEX)

RAPEX - Weekly overview report of notifications

Week 14 - 2020

The risk description has been updated for consistency with other notifications.

Alert number: A12/00494/20

Product: Jewellery set

Name:

Risk type: Chemical

Category: Jewellery

Brand:

Type / number of model: 1-693

Type of alert: Products with serious risks

The metal part of the product releases an excessive amount of nickel (measured value up to: 4 $\mu\text{g}/\text{cm}^2/\text{week}$). Nickel is a strong sensitiser and causes allergic reactions if present in articles that come into direct and prolonged contact with the skin. / The product does not comply with the REACH Regulation.

Ban on the marketing of the product and any accompanying measures

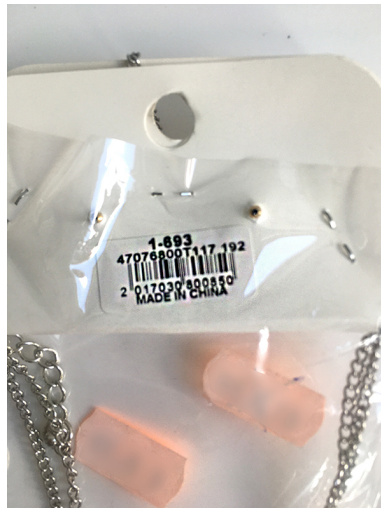

Description: Fashion jewellery set containing a necklace with a pendant made of metal rings of gold and silver color and a pair of ear studs in the shape of a ball.

Batch number / Barcode: 2017030800850

UNKNOWN

Country of origin: People's Republic of China

Alert submitted by: Luxembourg

Alert number: A12/00495/20

Product: Earrings

Name:

Risk type: Chemical

Category: Jewellery

Brand:

Type / number of model: Unknown

Type of alert: Products with serious risks

The earring's back releases an excessive amount of nickel (measured value up to: 9.9 $\mu\text{g}/\text{cm}^2/\text{week}$). Additionally, the pendant of the product contains an excessive amount of lead and cadmium (measured values: 4.70 % and 0.23 % by weight, respectively). Nickel is a strong sensitiser and causes allergic reactions if present in articles that come into direct and prolonged contact with the skin. Lead is harmful to human health, accumulates in the body, can cause developmental neurotoxicity and may affect breast-fed or unborn children. Cadmium is harmful to human health because it accumulates in the body, can damage the kidney and bones and it may cause cancer. / The product does not comply with the REACH Regulation.

Ban on the marketing of the product and any accompanying measures

Description: Silver earrings made of metal in the shape of a heart with rhinestones.

Batch number / Barcode: Unknown

UNKNOWN

Country of origin: Unknown

Alert submitted by: Luxembourg

Alert number: A12/00504/20

Alert number: A12/00500/20

Product: Drain cleaner

Name: Sink and Drain Cleaner

Risk type: Chemical

Category: Chemical products

Brand: Wild Tornado

Type / number of model:

Type of alert: Products with serious risks

The product is extremely basic (measured pH value: 14) and highly corrosive but lacks the appropriate hazard pictograms, warnings, precautionary statements and a child-resistant fastening. Users have therefore no information on the safe use and the dangers of the product, and could accidentally come into contact with the product, suffering of severe skin corrosion or serious damage to eyes. / The product does not comply with the Classification, Labelling and Packaging (CLP) Regulation.

Import rejected at border / Import rejected at border

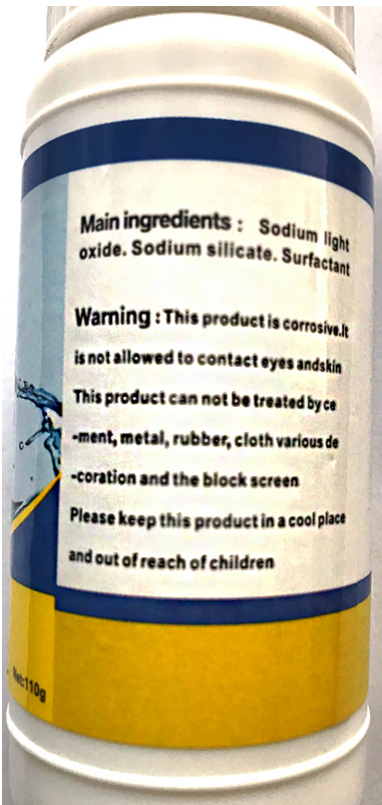

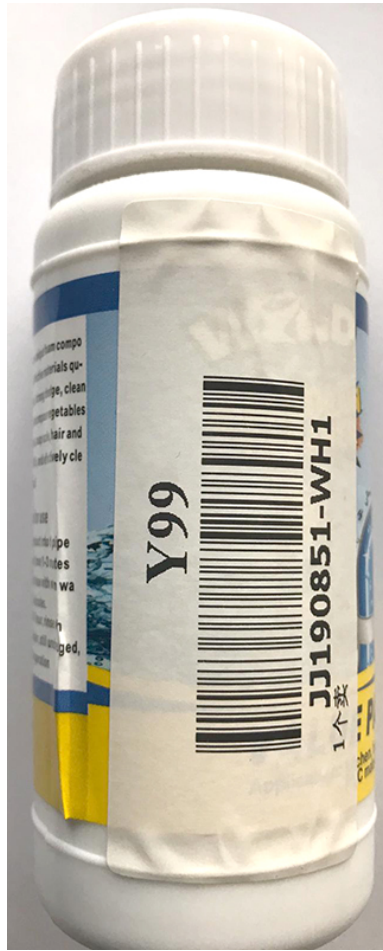

Description: 110 grams of dry solid granulate to clean and unblock sinks and drains.

Batch number / Barcode:

UNKNOWN

Country of origin: People's Republic of China

Alert submitted by: Germany

Alert number: A12/00509/20

Product: Tattoo ink

Name: Viola - Plum

Risk type: Chemical

Category: Chemical products

Brand: ETERNAL INK

Type / number of model:

Type of alert: Products with serious risks

The product contains nickel and an excessive amount of copper (measured values: 4.3 ppm and 189 ppm, respectively). Nickel can cause skin irritation, induce sensitisation or elicit allergic responses. Copper can cause liver and kidney damage and might affect fertility. / The Council of Europe Resolution ResAP (2008)1 on requirements and criteria for the safety of tattoos and permanent make-up, recommends that the levels of nickel are as low as technically achievable and copper does not exceed 25 ppm.

Ban on the marketing of the product and any accompanying measures

Description: 30 ml of violet tattoo ink.

Alert submitted by: Italy

Alert number: A12/00497/20

Product: Socket lamp

Name:

Risk type: Electric shock

Category: Lighting equipment

Brand: MENGS

Type / number of model: X000VH82YV

Type of alert: Products with serious risks

Live parts are accessible. They can be touched when removing the light bulb from the socket lamp while the product is connected to the electricity supply, by touching the single-pole switch or when opening the product by using a simple tool. The user may consequently receive an electric shock. / The product does not comply with the requirements of the Low Voltage Directive and with the relevant standards EN 60598, EN 60335 and EN 61140

Removal of this product listing by the online marketplace

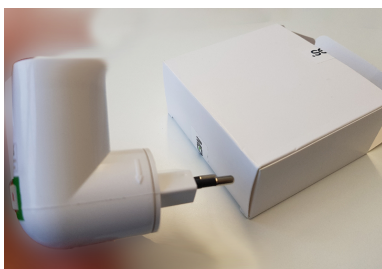

Description: Socket lamp with toggle switch and bulb holder E27. Two items in each package

Batch number / Barcode:

UNKNOWN

Country of origin: People's Republic of China

Alert submitted by: Germany

Alert number: A12/00521/20

Product: Portable LED lamp

Name: LED Rechargeable Emergency Light

Risk type: Burns, Electric shock, Fire

Category: Lighting equipment

Brand: DP.LED LIGHT

Type / number of model: LED-713

Type of alert: Products with serious risks

The cables inside the mains power cord are too thin. They could overheat during normal use, which could cause burns to the user or even lead to a fire. Furthermore, the insulation and size of the pins of the mains plug and output connector are inappropriate, leaving live parts accessible. The user could touch the accessible live parts and receive an electric shock. / The product does not comply with the requirements of the Low Voltage Directive and the relevant European standards EN 60598-1 and EN 60598-2-4.

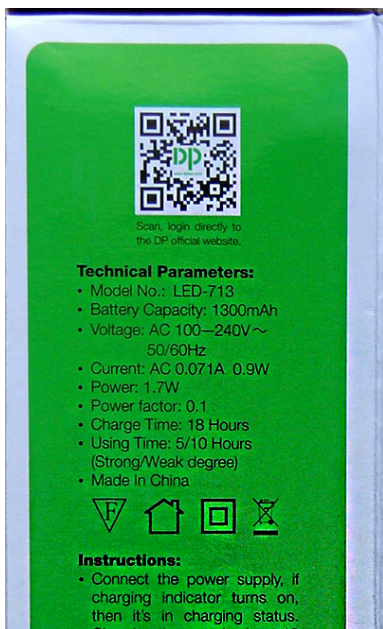

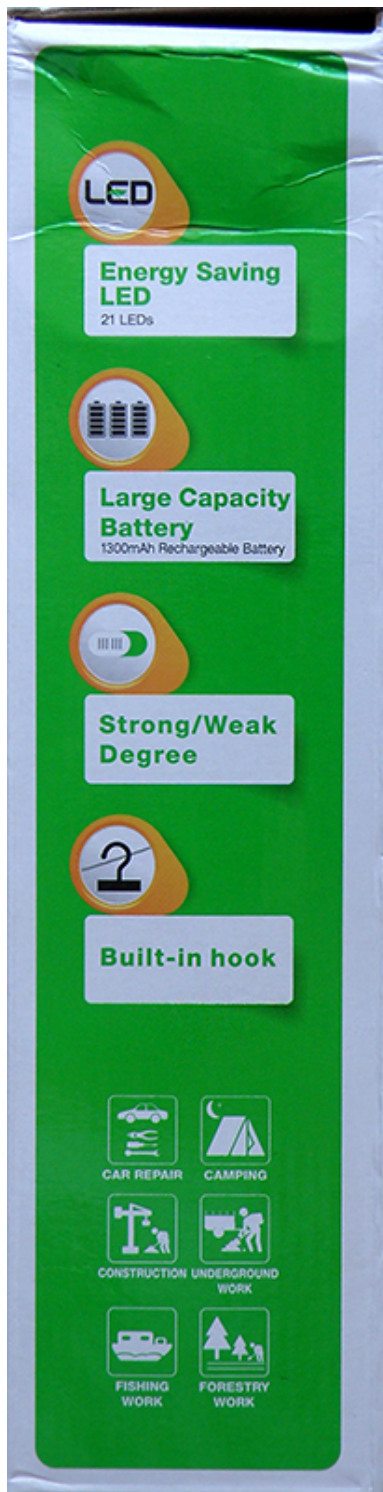

Import rejected at border

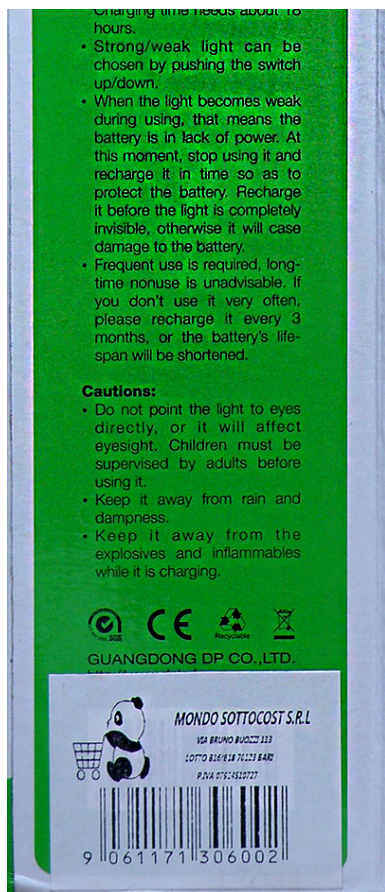

Description: A white rechargeable, portable lamp with 21 LEDs, which can be operated directly from the mains or through the built-in battery pack. The product is supplied with a charger.

Batch number / Barcode: 6 939020 440135, 9 061171 306002

Country of origin: People's Republic of China

Alert submitted by: Hungary

Alert number: A12/00527/20

Product: Portable LED lamp

Name: Portable Rechargeable LED Lantern

Risk type: Burns, Electric shock, Fire

Category: Lighting equipment

Brand: DP.LED LIGHT

Type / number of model: LED-7037

Type of alert: Products with serious risks

The conducting cables of the mains cable are too thin. They could overheat during normal use, which could cause burns to the user or even lead to a fire. Furthermore, live parts of the charger can be touched since the dimensions of the socket outlet and the flat plug are not suitable. The user could consequently receive an electric shock. / The product does not comply with the requirements of the Low Voltage Directive and the relevant European standard EN 60598.

Import rejected at border

Description: A white rechargeable, dimmable, portable LED lamp with black handle. The LED lamp can be charged from the mains or from the external solar module (PV). The product is supplied with a charger.

Batch number / Barcode: 6 939020 441835 , 8 121207 130603

The cables inside the mains power cord are too thin. They could overheat during normal use, which could cause burns to the user or even lead to a fire. Furthermore, the insulation and size of the pins of the mains plug and output connector are inappropriate, leaving live parts accessible. The user could touch the accessible live parts and receive an electric shock. / The product does not comply with the requirements of the Low Voltage Directive, the relevant European standards EN 60799 and EN 60320-3 and the relevant national standard.

Withdrawal of the product from the market

Description: Mains power cord of 1.5 metres length with C7 connector intended to be plugged to class II appliances with a C8 inlet.
