The Rapid Alert System for Non-Food Products (RAPEX)

RAPEX - Weekly overview report of notifications

Week 21 - 2020

Alert number: A12/00737/20

Product: Earrings

Name: Creolen

Risk type: Chemical

Category: Jewellery

Brand: Tedi

Type / number of model: 5 Pairs

Type of alert: Products with serious risks

The product releases an excessive amount of nickel (measured value up to: 18.3 µg/cm²/week). Nickel is a strong sensitiser and causes allergic reactions if present in articles that come into direct and prolonged contact with the skin. / The product does not comply with the REACH Regulation.

Recall of the product from end users

Company recall page: https://www.tedi.com/fileadmin/user_upload/Downloads/Kundeninformation/20200429-Creolen-Gold-Silber/DEU_Creolen_silber_gold.pdf (https://www.tedi.com/fileadmin/user_upload/Downloads/Kundeninformation/20200429-Creolen-Gold-Silber/DEU_Creolen_silber_gold.pdf)

Description: 5 sets of earrings consisting each of 5 pairs of creole earrings in different sizes and shapes. The sets are available in 5 different colours and engravings (2 sets are in silver-coloured metal and 3 additional sets in gold-coloured).

Batch number / Barcode: 21286001751000000200, 36241001751000000200, 71893001751000000200

UNKNOWN

Country of origin: People's Republic of China

Alert submitted by: Germany

Alert number: A12/00736/20

Product: Laser torch/pointer

Name: Lazer Diode Torch

Risk type: Damage to sight

Category: Laser pointers

Brand: Deer Creek

Type / number of model: DC-05

Type of alert: Products with serious risks

The product lacks the required labelling, including appropriate warning texts related to the use of the product and the classification, and its laser beam is too powerful. Direct viewing of the laser beam or its mirror reflection can cause damage to sight. / The product does not comply with the relevant European standard EN 60825-1.

Withdrawal of the product from the market

Description: Laser pointer with a blue beam and wavelength of 405 nm for do-it-yourself applications such as fly tying and resin polymerization /curing.

Batch number / Barcode: 7340009347199

NO

Country of origin: People's Republic of China

Alert submitted by: Finland

Alert number: A12/00750/20

Product: LED light hose

Name: LED Lichterschlauch

Risk type: Environment

Category: Lighting chains

Brand: Salcar

Type / number of model: X000WZ7SDX, Salcar 10m LED Licht, Hochzeit, Party

Type of alert: Products with serious risks

The product contains short-chain chlorinated paraffins (SCCPs) (measured up to 0.265% by weight). SCCPs remain in the environment and are toxic to aquatic life in low concentrations. They bioaccumulate in humans and animals and thus pose a risk to human health and the environment. / The product does not comply with the Regulation on persistent organic pollutants (POPs Regulation).

Recall of the product from end users Ban on the marketing of the product and any accompanying measures, Destruction of the product

Description: Transparent light hose with LED lights, 10 m long with power connection. The light hose is rolled up inside the outer packaging.

Batch number / Barcode:

UNKNOWN

Country of origin: People's Republic of China

Alert submitted by: Germany

Alert number: A12/00741/20

Product: Portable LED lamp

Name: MAGIC COOL CAMPING LIGHTS

Risk type: Burns, Electric shock, Fire

Category: Lighting equipment

Brand: XINGFENGDENGJU

Type / number of model: XF-5858, 61052 (on the label)

Type of alert: Products with serious risks

The cables of the mains power are too thin and could overheat during normal use. The insulation and size of the pins are inappropriate, leaving live parts accessible. The plastic part of the integrated plug is made of combustible material. The insulation for the USB port is inadequate. Live parts may become accessible without the use of any tools. User may consequently suffer burns, receive an electric shock or the product may cause a fire. / The product does not comply with the requirements of the Low Voltage Directive and the relevant European Standard EN 60598 and EN 60335.

Recall of the product from end users, Withdrawal of the product from the market

Description: Black rechargeable, portable camping LED lamp with USB port, which can be operated directly from the mains or batteries. The product also generates rotating coloured light and has a flame-imitating function too. The product is supplied with a charger.

Batch number / Barcode: 8 588588 610528

NO

Country of origin: People's Republic of China

Alert submitted by: Hungary

Alert number: A12/00755/20

Product: Portable LED lamp

Name: RECHARGEABLE CAMPING LANTERN

Risk type: Burns, Electric shock, Fire

Category: Lighting equipment

Brand: Jia Hao

Type / number of model: JH-5800T

Type of alert: Products with serious risks

The cables inside the mains power cord are too thin and could overheat during use. The plastic part of the luminaire's integrated plug is made of combustible material. The mains plug and output connector's pins' insulation and size are inappropriate and the USB port's insulation is inadequate, leaving live parts accessible. Live parts could also become accessible without the use of any tools. User may consequently suffer burns, receive an electric shock or the product may cause a fire. / The product does not comply with the requirements of the Low Voltage Directive and the relevant European standards EN 60598 and EN 60335.

Recall of the product from end users, Withdrawal of the product from the market

Description: Metallic blue rechargeable and portable camping LED lamp with USB port, which can be operated directly from the mains, batteries or by the solar module. It also has a reflector function. The product is supplied with a charger cable.

Batch number / Barcode:

NO

Country of origin: People's Republic of China

Alert submitted by: Hungary

Alert number: A12/00756/20

Product: Portable LED lamp

Name: CAMPING LIGHT

Risk type: Burns, Electric shock, Fire

Category: Lighting equipment

Brand: high mountain tiger

Type / number of model: GSH-7088B

Type of alert: Products with serious risks

The cables inside the mains power cord are too thin and could overheat during use. The plastic part of the luminaire's integrated plug is made of combustible material. Alert number: A12/00746/20

Product: Pickup truck

Name: X-Class

Risk type: Injuries

Category: Motor vehicles

Brand: Mercedes-Benz

Type / number of model: Type-approval number: e9*2007/46*6531*, Type: 4701

Type of alert: Products with serious risks

Due to a defective operating manual, the roof load may be exceeded if a canopy is retrofitted on the loading platform. Consequently, the canopy may break and the roof load may become detached and fall, endangering the following traffic. /

Recall of the product from end users

Description: Pickup truck vehicle equipped with retrofitted canopy on the loading platform.

Batch number / Barcode: VS4CANOPY

NO

Country of origin: Germany

Alert submitted by: Germany

Alert number: A12/00747/20

Product: Passenger car

Name: GLE, GLS

Risk type: Injuries

Category: Motor vehicles

Brand: Mercedes-Benz

Type / number of model: Model series: BR 167, Type-approval number: e1*2007/46*1885*05 - *07, Type: H1GLE

Type of alert: Products with serious risks

The welds on the rear cross-beam may not be sufficiently strong and could break. As a result, the cross-beam may become detached from the vehicle during a towing operation, increasing the risk of an accident. /

Recall of the product from end users

Description:

Batch number / Barcode: 6490004

NO

Country of origin: Germany

Alert submitted by: Germany

Alert number: A12/00748/20

Product: Passenger car

Name: Fortwo, Forfour

Risk type: Fire, Injuries

Category: Motor vehicles

Brand: Smart

Type / number of model: Model series: BR 453, Type-approval number: e1*2001/116*0413*40, Type: 451

Type of alert: Products with serious risks

The internal welds in the main cell diverters (connection between the individual cells and cell modules) of the high-voltage battery may not meet the specifications and could break, interrupting the electrical contact within the battery. This would result in the immediate failure of the whole battery, increasing the risk of an accident. Furthermore, electric arcing may occur in the damaged battery, increasing the risk of fire. /
