# The Rapid Alert System for Non-Food Products (RAPEX)

## *RAPEX - Weekly overview report of notifications*

Week 32 - 2020

Change of main picture.,Main picture modified.

**Alert number:** A12/01126/20

**Product:** Tattoo ink

**Name:** Mixing Yellow

**Risk type:** Chemical

**Category:** Chemical products

**Brand:** Fusion Ink

**Type / number of model:** FI-046

**Type of alert:** Products with serious risks

The product contains an excessive amount of cadmium (measured value: 1.2 ppm). Cadmium is harmful to human health because it accumulates in the body, can damage the kidneys and bones and it may cause cancer. Additionally, according to the list of ingredients, the product contains the colourant pigment yellow 14 (CI 21095), which releases the aromatic amine 3,3'-dichlorobenzidine. This aromatic amine is skin sensitiser and may also cause cancer. / The Council of Europe Resolution ResAP (2008)1 on requirements and criteria for the safety of tattoos and permanent make-up, recommends that the levels of cadmium do not exceed 0,2 ppm and that aromatic amines with carcinogenic mutagenic, reprotoxic or sensitising properties should neither be present nor released from azo-colourants.

Withdrawal of the product from the market

**Description:** 30 ml of yellow tattoo ink.

**Batch number / Barcode:**

**UNKNOWN**

**Country of origin:** United States

**Alert submitted by:** Germany

**Alert number:** A12/01127/20

**Product:** Tattoo ink

**Name:** Shamrock

**Risk type:** Chemical

**Category:** Chemical products

**Brand:** Fusion Ink

**Type / number of model:** FI-069

**Type of alert:** Products with serious risks

The product contains an excessive amount of cadmium (measured value: 0.65 ppm). Cadmium is harmful to human health because it accumulates in the body, can damage the kidneys and bones and it may cause cancer. Additionally, it contains benzisothiazolinone (measured value: 0,007 %), which is not allowed in cosmetic products, and, according to the list of ingredients, the colourant pigment yellow 14 (CI 21095), which releases the aromatic amine 3,3'-dichlorobenzidine. This aromatic amine is skin sensitiser and may also cause cancer. Benzisothiazolinone is a skin sensitiser and triggers allergic reactions or contact dermatitis. / The Council of Europe Resolution ResAP (2008)1 on requirements and criteria for the safety of tattoos and permanent make-up, recommends that the levels of cadmium do not exceed 0,2 ppm, that aromatic amines with carcinogenic mutagenic, reprotoxic or sensitising properties should neither be present nor released from azo-colourants, and that substances forbidden in the Cosmetic Products Regulation are not used.

Withdrawal of the product from the market

**Description:** 30 ml of green tattoo ink.

**Batch number / Barcode:**

**UNKNOWN**

**Country of origin:** United States

**Alert submitted by:** Germany

**Alert number:** A12/01128/20

**Product:** Lighting string

**Name:** Batholino

**Risk type:** Electric shock

**Category:** Lighting chains

**Brand:** EGLO

**Type / number of model:** 32859, Tolorico

**Type of alert:** Products with serious risks

The product is not protected against moisture but is recommended for outdoor use too. The water could penetrate the product or the user could touch accessible live parts, which may cause an electric shock. / The product does not comply with the requirements of the Low Voltage Directive and the relevant European standard EN 60598.

Recall of the product from end users

**Description:** LED lighting string with an adaptor.

**Batch number / Barcode:** 9002759328597

**UNKNOWN**

**Country of origin:** Unknown

**Alert submitted by:** France

**Alert number:** A12/01130/20

**Product:** Lighting chain

**Name:** 100 LED LUZ DE NATAL

**Risk type:** Electric shock

**Category:** Lighting chains

**Brand:** LICE BRASIL

**Type / number of model:** 27640, ZSD00

**Type of alert:** Products with serious risks

The mechanical strength of the control device is not sufficient, the conductors in the wires are too thin, the distance between the plug and the first lamp or lampholder is too short and the protection against water is not sufficient. This can lead to increased risk of electric shock or fire. / The product does not comply with the requirements of the Low Voltage Directive and the relevant European standard EN 60598.

Recall of the product from end users, Withdrawal of the product from the market

**Description:** Lighting chain with 100 LEDs.

**Batch number / Barcode:** 7521890276403

**UNKNOWN**

**Country of origin:** People's Republic of China

**Alert submitted by:** Slovakia

**Alert number:** A12/01131/20

**Product:** Lighting chain

**Name:** 100 LED LIGHTS

**Risk type:** Electric shock

**Category:** Lighting chains

**Brand:**

**Type / number of model:** KR-001

**Type of alert:** Products with serious risks

The mechanical strength of the control device is not sufficient, the conductors in the wires are too thin, the distance between the plug and the first lamp or lampholder is too short and the protection against water is not sufficient. This can lead to increased risk of electric shock or fire. / The product does not comply with the requirements of the Low Voltage Directive and the relevant European standard EN 60598.

Recall of the product from end users, Withdrawal of the product from the market

**Description:** Lighting chain with 100 LEDs and 8 functions.

**Batch number / Barcode:** 6905990160168

**NO**

**Country of origin:** Unknown

**Alert submitted by:** Slovakia

Alert number: A12/01132/20

Product: Lighting chain

Name: Veselé Vánoce / Merry Christmas

Risk type: Electric shock

Category: Lighting chains

Brand:

Type / number of model: QL2095

Type of alert: Products with serious risks

The mechanical strength of the control device is not sufficient, the conductors in the wires are too thin and the protection against water is not sufficient, which could result in electric shock or fire. / The product does not comply with the requirements of the Low Voltage Directive and the relevant European standard EN 60598.

Recall of the product from end users, Withdrawal of the product from the market

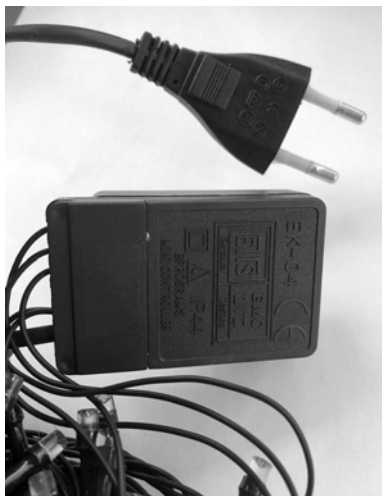

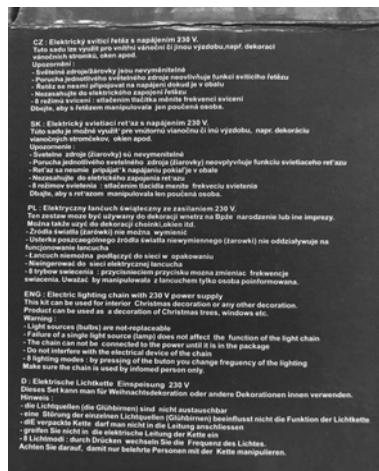

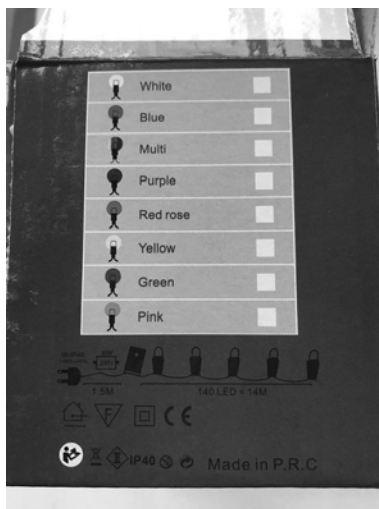

Description: Lighting chain with 140 LED lights

Batch number / Barcode: 8820956610854

NO

Country of origin: People's Republic of China

Alert submitted by: Slovakia

**Alert number:** A12/01123/20

**Product:** Log splitter

**Name:** Rebak do drewna

**Risk type:** Cuts, Injuries

**Category:** Machinery

**Brand:** Kraft & Dele

**Type / number of model:** KD1580, KD1582

**Type of alert:** Products with serious risks

The device is not equipped with a protective cover. The user's hand may get caught in between the sharp and moving elements of the machine which could lead to injury. / The product does not comply with the requirements of the Machinery Directive and the relevant European standard EN 609-1.

Withdrawal of the product from the market

**Description:** Mains-powered log splitter.

**Batch number / Barcode:** 5903175330123, 5903175337580

**UNKNOWN**

**Country of origin:** People's Republic of China

**Alert submitted by:** Poland

**Alert number:** A12/01114/20

**Product:** Passenger car

**Name:** Octavia

**Risk type:** Injuries

**Category:** Motor vehicles

**Brand:** Skoda

**Type / number of model:** Type-approval number: e8\*2007/46\*0355\*00 to 02, Type: NX

**Type of alert:** Products with serious risks

The eCall service may not function properly and the call centre/rescue coordination centre cannot be activated because of the lack of audio connection and data transmission. As a result, the driver will not be able to get help through the system in the event of a fault or accident. / Recall of the product from end users

**Description:** Passenger car

**Batch number / Barcode:** 91AA

**NO**

**Country of origin:** Czechia

**Alert submitted by:** Germany

**Alert number:** A12/01118/20

**Product:** Passenger car

**Name:** GLB

**Risk type:** Injuries

**Category:** Motor vehicles

**Brand:** Mercedes-Benz

**Type / number of model:** Type-approval number: e1\*2007/46\*1909\*05, Type: F2B

**Type of alert:** Products with serious risks

The bodywork around the front wheelhouses has not been sealed in accordance with the specifications, allowing water to penetrate into the front foot spaces and damage the control units and other electrical components installed in those areas. As a result the instrument cluster could stop showing information, the braking assistance (e.g. ABS, ESP) could be restricted, or the engine could stall while driving or no longer be able start, increasing the risk of an accident. /

Recall of the product from end users

**Description:** Model series: BR 247.

**Batch number / Barcode:** 6290301

**NO**

**Country of origin:** Germany

**Alert submitted by:** Germany

**Products were found and measures were taken also in:** Slovenia

**Alert number:** A12/01119/20

**Product:** Passenger car

**Name:** Daihatsu

**Risk type:** Injuries

**Category:** Motor vehicles

**Brand:** Charade

**Type / number of model:**

**Type of alert:** Products with serious risks

The ammonium nitrate propellant used in the airbag inflator may experience a material alteration over time due to degradation occurring after prolonged exposure to high absolute humidity, high temperatures and high-temperature cycling. / In the event of an airbag being deployed, it may deploy too slowly or the excessive internal pressure may cause the inflator body to rupture and metal fragments may pass through the cushion material causing injury to the occupants. /

Recall of the product from end users

**Description:** Vehicles are equipped with front passenger air bag inflators which contain a non-desiccated, phase stabilized ammonium nitrate propellant.

**Batch number / Barcode:** WB19001

**UNKNOWN**

**Country of origin:** Japan

**Alert submitted by:** Malta
