Product

Particle filter mask

Risk type **Health risk / other**

The product bears a CE marking but is not certified as protective equipment by a relevant body. Consequently, the product might not fulfil the health and safety requirements and thus not properly protect if not combined with additional measures. Also, the labeling is confusing because on the cardboard box the mask is declared a “non-medical” one , while in the same time is mentioned the standard EN 14683: 2019.

The product does not comply with the Personal Protective Equipment Regulation and with the relevant European standard EN 149.

Category **Protective equipment**

Type **Consumer**

Description **Non-medical disposable protective mask, 3 layers of protection.**

Packaging description **The product is sold in a white, blue and red cardboard box containing 50 pieces wrapped in a transparent plastic bag. The cardboard box is CE marked.**

Brand **ELMED**

Name **DISPOSABLE FACE MASKS**

Type / number of model **TP-MSK-013 (Non Sterile)**

Product **Corner protector**

Risk type

**Chemical
Environment**

The product contains short chain chlorinated paraffins (SCCPs) (measured value up to 1.21 % by weight). The placing on the market and use of articles containing SCCPs is banned. SCCPs persist in the environment, are toxic to aquatic organisms at low concentrations and bioaccumulate in wildlife and humans, posing a risk to human health and the environment. Furthermore, the plastic material of the product contains an excessive amount of bis(2-ethylhexyl) phthalate (DEHP) and diisobutyl phthalate (DIBP) (measured values up to 17.6 % and 18.4% by weight, respectively). These phthalates may harm the health of children, causing possible damage to their reproductive system.

The product does not comply with the Regulation on persistent organic pollutants (POP Regulation) and with REACH Regulation.

Product

Hair dryer

Risk type

**Burns
Electric shock
Fire**

The mains cable is too thin. The hair dryer does not have a thermal cut-out device. The plastic material of the casing is combustible. The hair dryer can overheat and catch fire during use causing burns to the user. The dimensions of the mains plug are substantially less than required and the live pins of the mains supply plug are accessible during connecting and user may receive an electric shock.

The product does not comply with the requirements of the Low Voltage Directive and the relevant European standard EN 60335.

Consumer

Description

Foldable hair dryer pink and white.

Packaging description

Packaging: cardboard box.

Alert number **[A12/00298/21](#)**

Product **Hair Clipper**

Risk type **Burns
Electric shock
Fire**

The cables inside the mains power cord are too thin. They could overheat during normal use, which could cause burns to the user or even lead to a fire. Furthermore, the insulation and size of the pins of the mains plug and output connector are inappropriate, leaving live parts accessible. The user could touch the accessible live parts and receive an electric shock.

The product does not comply with the requirements of the Low Voltage Directive, and the relevant European standards EN 60335 and EN 60320.
