Product **Skip rope**

Risk type **Chemical
Environment**

The plastic material of the rope contains an excessive amount of dibutyl phthalate (DBP), diisobutyl phthalate (DIBP) and short chain chlorinated paraffins (SCCPs) (measured values up to 0.5 %, 0.2 % and 7.0 % by weight, respectively). These phthalates may harm the health of children, causing possible damage to the reproductive system. SCCPs persist in the environment, are toxic to aquatic organisms at low concentrations and bioaccumulate in wildlife and humans, posing a risk to human health and the environment.

The product does not comply with the REACH Regulation and the Regulation on persistent organic pollutants (POP Regulation).

Category **Toys**

Type **Consumer**

Description **A skip rope with handles made of hard yellow plastic and a rope made of soft white and yellow PVC plastic. The product was also sold online.**

Product **Passenger car**

Risk type **Injuries**

The lateral control arm of the front suspension is attached to the sub-frame by means of two fasteners. If a fastener gets loose enough or detaches from the sub-frame, this can cause the wheel alignment to change. This cause instability, which could have a negative effect on vehicle control and increase the risk of a collision.

The product does not comply with the requirements laid down in the Regulation on the approval and market surveillance of Motor Vehicles and their trailers, and of systems, components and separate technical units intended for such vehicles.

Product

Sun protection for windshield

Risk type

**Chemical
Environment**

The suction cups of the screen contain lead (measured values up to 0.097 % by weight) and short chain chlorinated paraffins (SCCPs) (measured values up to 0.89% by weight). Lead is harmful to human health, accumulates in the body, can cause developmental neurotoxicity and may also affect breast-fed or unborn children. SCCPs persist in the environment, are toxic to aquatic organisms at low concentrations and bioaccumulate in wildlife and humans, posing a risk to human health and the environment.

The product does not comply with the Persistent Organic Pollutants (POPs) Regulation and REACH regulation

Product

Toy musical instruments

Risk type

**Choking
Damage to hearing
Strangulation**

The various instruments have detachable small parts and protruding parts, and can easily break creating further small parts. A small child may put them in the mouth and choke. Furthermore, if the toy is used improperly it may cause damage to hearing. Finally, one of the instruments (toy drum) has a long cord that should be placed around the neck; this cord can become trapped during various activities of a child, leading to strangulation.

The product does not comply with the requirements of the Toy Safety Directive and the European standard EN 71-1.

Alert number **[A12/01843/21](#)**

Product **Passenger car**

Risk type **Injuries**

The rear brake caliper assembly, which has a material defect, causes lower brake performance. This can increase the risk of an accident.

The product does not comply with the requirements laid down in the Regulation on the approval and market surveillance of Motor Vehicles and their trailers, and of systems, components and separate technical units intended for such vehicles.

Category **Motor vehicles**

Type **Consumer**

Description **- Model (Type): Tucson (NX4e, NX4e HEV/PHEV) vehicles produced at Czech plant; - VIN's: NX4e: from TMAJC81BHMJ132572 to TMAJB81AGNJ139795 // - NX4e HEV/PHEV: from TMAJB812DNJ060495 to TMAJB812DNJ065431.**

Brand **Hyundai**

Name **Tucson**

EC-type approval/model **e5*2018/858*00001*03**

Alert number **[A12/01859/21](#)**

Product **Motorcycle**

Risk type **Injuries**

Due to a manufacturing error, the motorcycle may have insufficient sealant performance due to small overlap allowance with the filler neck in the cooling system of the engine. If the vehicle is used continuously in this condition, high temperature coolant may leak from the overflow tube, which could cause an accident.

The product does not comply with the requirements laid down in the Regulation on the approval and market surveillance of two- or three-wheel vehicles and quadricycles.

Category **Motor vehicles**

Type **Consumer**
