Product: Pull-along toy

Name: Animal Paradise

Risk: Choking

Category: Toys

Brand: SIRONG

Type/number of model: Q 92

Risk level: Serious risk

At the end of the cord to pull the toy there is a small plastic ring attached by a simple knot, which can easily be detached. A small child could put the small ring in the mouth and choke on it. The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-1.

Measures ordered by public authorities: Import rejected at border

Description: Pull-along toy in the form of a cow, emitting light and sound. The product is supplied in a cardboard box with a window.

Alert number: A12/0185/16

Product: Toy telephone

Name: Telephone

Risk: Choking, Strangulation, Suffocation

Category: Toys

Brand: Unknown

Type/number of model: Item NO: 711K

Risk level: Serious risk

Small stickers may detach from the toy telephone. A small child may put them in the mouth and choke. The cord connecting the toy phone with the earpiece is too long, and this may cause strangulation if it wraps around a child's neck. The plastic of the packaging is too thin: if a child plays with the packaging, the plastic can cover the mouth and nose causing the child to suffocate. The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-1.

Measures taken by economic operators: Withdrawal of the product from the market (By: Importer)

Description: Toy telephone supplied in transparent plastic packaging.
