Product: Torch

Name: LED High Power Strong Light Searchlight

Risk: Electric shock, Fire

Category: Lighting equipment

Brand: SHUNLE

Type/number of model: BL-T8830 (on the product); SL-8830 (on the packaging)

Risk level: Serious risk

The cross-sectional area of the core of the wires is insufficient: in case of a short circuit the wires may overheat and cause a fire. Also, live parts can be touched when connecting the mains lead, since the dimensions of the plug are not suitable, and the protective cover for the LEDs can be removed by hand during charging leaving live parts accessible. In addition, the storage compartment has sharp edges which can damage the insulation of the mains lead. The product does not comply with the requirements of the Low Voltage Directive and the relevant European standard EN 60598.

Measures ordered by public authorities: Withdrawal of the product from the market, Recall of the product from end users

Description: Rechargeable LED torch. The battery can be charged via a built-in mains cable which is placed in a storage compartment. Packaging: colourful cardboard box.
