Product Rattle toy

Corrigendum Notification A11/00128/22 at the request of the notifying authority the notification has been updated with additional information on the product identification and risk level.

Risk type Choking

The attachment to one of the clamps fails and small parts (beads and rings) can easily be detached from the wooden rings. A small child may put them in the mouth and choke. The handle of the rattle toy is too long and if a child puts it in the mouth it can block the airways and cause choking.

The product does not comply with the requirements of the Toy Safety Directive nor with the European standard EN 71-1.

Category Toys

Type Consumer

Description Toy in a shape of a bear's head with a handle made of wood. Weight 23 g, size: 12 cm x 8 cm x 2.5 cm [L x W x H]. Product sold online, in particular via Amazon, ASIN: B08JLK2WM9.

Packaging description The toy is delivered in a foil bag, it has no legible or understandable marking.

Brand FGJFJ

Name baby rattle Babyrassel
