Product Hair dye

Risk type Chemical

According to the list of ingredients, the product contains Barium peroxide, which is forbidden in cosmetics and releases barium; the latter substance was found in the product (measured value: 7.8% by weight). Barium can be easily absorbed and has toxic effects on the body impairing muscle, heart and kidney activity, leading to arrhythmia, paralysis or gastrointestinal alterations. Furthermore, the product contains p-phenylenediamine (PPD) (measured value: 12.64% by weight) with an insufficient coupling agent. Uncoupled PPD is an extreme skin sensitizer and can trigger allergic contact dermatitis.

The product does not comply with the Cosmetic Products Regulation.

Alert number A11/00021/23

Product Soft toy

Risk type Choking  
Suffocation

The foam filling material of the toy is easily accessible as some of the cover's seams may break. A small child may put the filling material in the mouth and choke on it. Moreover, the plastic of the packaging is too thin. If a child plays with the packaging, the plastic can cover the mouth and nose, causing the child to suffocate.

The product does not comply with the requirements of the Toy Safety Directive nor with the European standard EN 71-1.

Category Toys

Type Consumer

Description Set of three soft-filled cubes representing dices, each of which is covered with knitted material.

Packaging description Plastic bag.

Product Passenger car

---

Risk type Injuries

The voltage of the high voltage (HV) battery may drop rapidly when the accelerator pedal is rapidly pressed to further accelerate the vehicle after it has been continuously driven in “EV mode” in cold outside temperatures. As a result, the hybrid system will shut down, resulting in loss of motive power, which may lead to an increased risk of an accident.

The product does not comply with the Regulation on the approval and market surveillance of motor vehicles and their trailers, and of systems, components and separate technical units intended for such vehicles.
