 SHD 54
 VKA 44

Batch number 01.05.2022 - 30.11.2022

Product description	Chain drive for opening and closing windows in the façade and roof. The product has a plate indicating its production date as year (Y) month (M) day (D): "xx.xxx.xx / xxxxxxx / YYYYMMDD / xxxxxxx". All chain drives of types identified above and produced from 01.05.2022 to 30.11.2022 are concerned.
Risk type	Injuries Security
Risk description	A low quality cog (not hardened) has been installed in the chain drive. Under stress, it can break, hence the chain drive may no longer be able hold the smoke/heat extraction valve/window, and in the absence of other safety mechanisms installed, the valve/window can fall onto bystanders and injure them.
Legal provisions (at EU level) and European standards against which the product was tested and did not comply	The product does not comply with the Construction Products Regulation nor with the requirements of the General Product Safety Directive nor with the European standard EN 12101-2.

Product Circular saw blade

Brand Unknown

Product description Wood-carving disc for chainsaw blade which, according to the exhibitor, is intended for use on angle grinders. The product is 125 mm x 22 mm, with 14 teeth. The product was sold online.

Risk type Cuts

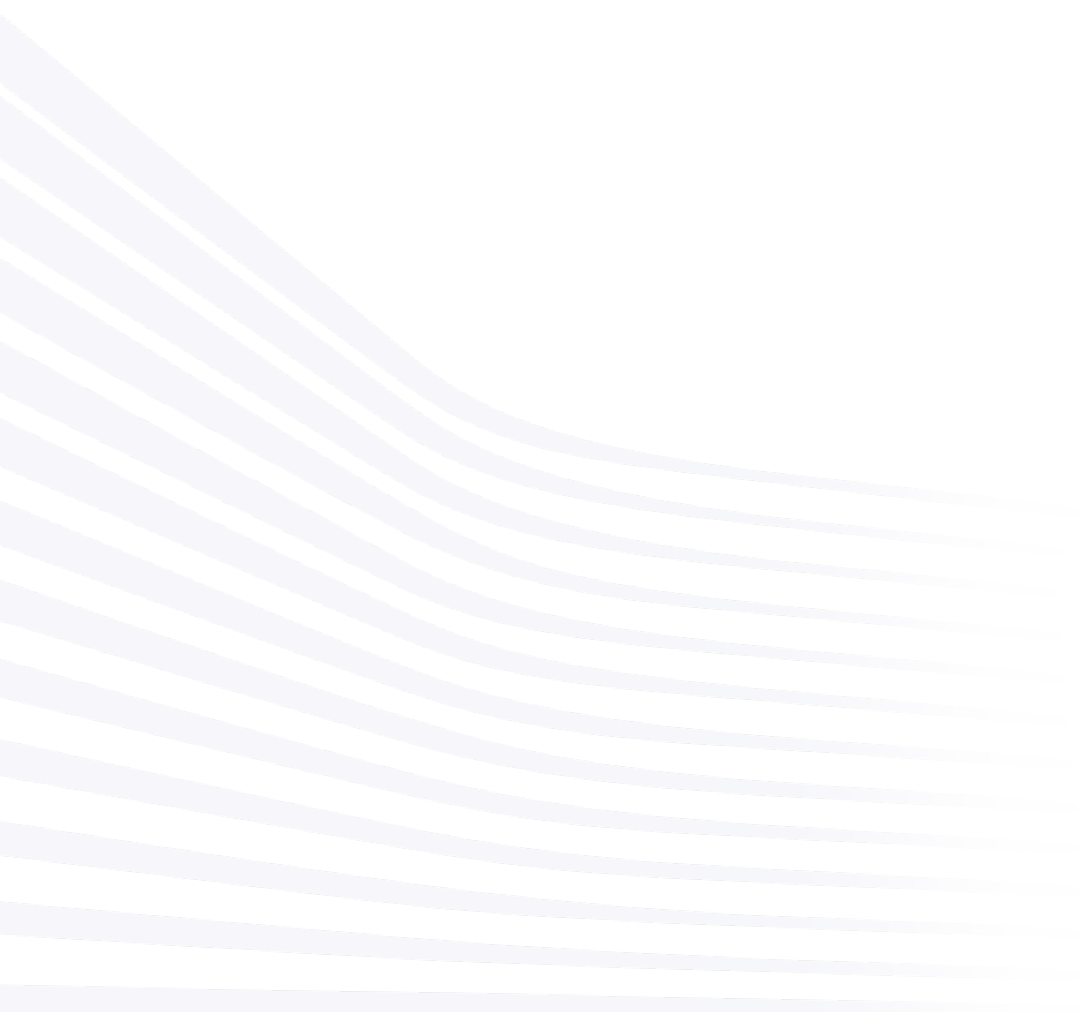

Risk description The saw blade may be mounted on an angle grinder and may therefore, opposed to its advertised use, be used as a hand-held circular saw without the appropriate protections and protective devices. This could cause kickback or loss of control over the tool, resulting in injuries.

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The product does not comply with the requirements of the Machinery Directive and the European standard EN 60745-2-3.
