Product description White plastic covered aroma diffuser with LED lighting and adapter (model HY240-0650-0).

Risk type	Electric shock Microbiological
Risk description	The water tank is not antibacterial and the appliance does not give a sound and/or light warning to change the water. This could lead to the development of mould that can cause allergic reactions when spread by air. In addition, the insulation of the power supply unit is not sufficient between the primary and secondary circuit. This may cause an electric shock.
Legal provisions (at EU level) and European standards against which the product was tested and did not comply	The product does not comply with the requirements of the Low Voltage Directive nor with the European standard EN 60335-1 and EN 60335-2-98
Country of origin	People's Republic of China
Measures ordered by public authorities	Withdrawal of the product from the market Distributor
