Product Soft toys set

Packaging description Without packaging.

Brand Unknown

Product description Set of soft plush toys in shape of various animals (panda, giraffe, cat, dog, etc.). A suction cup is attached on the head of the toys with a sewn-in string.

Risk type Chemical  
Choking

Risk description The plastic material of the suction cup has an excessive concentration of bis(2-ethylhexyl)phthalate (DEHP), dibutyl phthalate (DBP) and diisobutyl phthalate (DIBP) (measured

values up to 16%, 3% and 0,52 % by weight, respectively). These phthalates may harm the health of children, possibly causing damage to their reproductive systems. In addition the toys have small elements (eyes, nose, bell and suction cup) and fibrous stuffing material that may easily detach or become accessible. A child may put these in the mouth and choke.

Legal provisions (at EU level) and European standards against which the product was tested and did not comply

The product does not comply with the REACH Regulation, nor with the requirements of the Toy Safety Directive nor with the European standard EN 71-1.

Product Children's smartwatch

Name Smartklocka för Barn

Packaging description Cardboard box

Brand Unknown

Type / number of model 866925049247555

Product description Children's smartwatch. The product is also sold online.

Risk type Environment

Risk description The solder on the printed circuit board (PCB) has an excessive concentration of lead (measured value up to 55.6% by weight). The plastic in a charger cable has an excessive concentration of bis(2-ethylhexyl) phthalate (DEHP) (measured value up to 1.1% by weight). The product has an excessive concentration of short chain chlorinated paraffins (SCCPs) (measured value up to 4.4 % by weight). Lead poses a risk to the environment. DEHP may harm the health by possibly causing damage to the reproductive system. SCCPs persist in the environment, are toxic to aquatic organisms at low concentrations and bio-accumulate in wildlife and

humans, posing a risk to human health and the environment. Prolonged exposure to them through the skin may cause cancer.

Legal provisions (at EU level) and European standards against which the product was tested and did not comply

The product does not comply with the Persistent Organic Pollutants (POP) Regulation nor with the requirements of the Directive on the restriction of the use of certain hazardous substances in electrical and electronic equipment (RoHS 2 Directive).
