Notifying country Sweden

Product category Jewellery

Type Consumer

Product Ring

Name Gotisk Dödskalle Ring

Brand Unknown

Product description Gothic style ring with scull. Product is sold online.

Risk type Chemical

Risk description The metal in the ring has an excessive concentration of cadmium (measured value up to 87 % by weight). Cadmium is harmful to human health because it accumulates in the body, can damage the kidneys and bones and it may cause cancer.

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The product does not comply with the REACH Regulation.

Country of origin Unknown

Measures ordered by public Other : The company has not removed the product from sale

Product Fish-shaped pet toy

Name Mechanical pet fish

Packaging description Plastic bag.

Brand Unknown

Product description Mechanical fish-shaped toy intended for pets, provided with a USB power cord. Product sold online.

Risk type Chemical  
Environment

Risk description The plastic of the USB cable and solders on the printed circuit board (PCB) have excessive concentrations of lead (measured value up to 0.36% and 76% by weight, respectively). Lead poses a risk to the environment. The solders in the PCB have an excessive concentration of cadmium (measured value up to 0.18% by weight). Cadmium bio-accumulates and poses a risk to the environment. The plastic material of the USB cable has excessive concentrations of bis(2-ethylhexyl) phthalate (DEHP) and dibutyl phthalate (DBP) (measured value up to 4.68% and 4.09% by weight, respectively). These phthalates may harm the health, possibly causing damage to the reproductive system. The plastic material of the USB cable

has also an excessive concentration of short chain chlorinated paraffins (SCCPs) (measured value up to 3.98% by weight, respectively) SCCPs persist in the environment, are toxic to aquatic organisms at low concentrations and bio-accumulate in wildlife and humans, posing a risk to human health and the environment. Prolonged exposure to them through the skin may cause cancer.

Legal provisions (at EU level) and European standards against which the product was tested and did not comply

The product does not comply with the requirements of the Directive on the restriction of the use of certain hazardous substances in electrical and electronic equipment (RoHS 2 Directive). Nor does product comply with the Persistent Organic Pollutants (POP) Regulation

Notifying country	Sweden
Product category	Gadgets
Type	Consumer
Product	3D pen
Name	3D pen-2
Packaging description	Cardboard box
Brand	Unknown
Type / number of model	P62-2
Product description	A pen that extrudes heated plastic from the pen's nozzle to create 3D drawings, provided with a USB power cord. Product sold online.
Risk type	Chemical Environment
Risk description	The plastic of the USB power cord has an excessive concentration of bis(2-ethylhexyl) phthalate (DEHP) and dibutyl phthalate (DBP) (measured value up to 0.39 %, 0.49 % by weight, respectively). These phthalates may harm the health by possibly causing damage to the reproductive system. The plastic of the USB power cord also has an excessive concentration of short chain chlorinated paraffins (SCCPs) (measured value up to 3.4 % by weight). SCCPs

persist in the environment, are toxic to aquatic organisms at low concentrations and bio-accumulate in wildlife and humans, posing a risk to human health and the environment. Prolonged exposure to them through the skin may cause cancer. The solders in the product have an excessive concentration of cadmium and lead (measured value: up to 0.037% and 3.28 % by weight, respectively). Cadmium bio-accumulates and poses a risk to the environment. Lead poses a risk to the environment.

Legal provisions (at EU level) and European standards against which the product was tested and did not comply

The product does not comply with the requirements of the Directive on the restriction of the use of certain hazardous substances in electrical and electronic equipment (RoHS 2 Directive) nor with the Persistent Organic Pollutants (POP) Regulation.
