Packaging description **Plastic bag**

Brand **Unknown**

Product description **Headphones (Bluetooth) made of black plastic. Product sold online, in particular via Joom.**

Risk type **Chemical
Environment**

Risk description **The white plastic in the cable, the solder in connection to battery and the solders on the PCB of the product have excessive concentrations of lead (measured values up to 0.26%, 31.8% and 75.9% by weight, respectively). Lead poses a risk to the environment. The white plastic material in the cable has excessive an concentration of bis(2-ethylhexyl) phthalate (DEHP), dibutyl phthalate (DBP) and short chain chlorinated paraffins (SCCPs) (measured values up to 1.69%, 1.67 % and 6.49 % by weight, respectively). The black leather material of the product has an excessive concentration of bis(2-ethylhexyl) phthalate (DEHP) (measured value up to 19.3%). These phthalates may harm the health by causing possible damage to the reproductive system. SCCPs persist in the environment, are toxic to aquatic organisms at low concentrations and bio-accumulate in wildlife and humans, posing a risk to human health and the environment. Prolonged exposure to them through the skin may cause cancer**

Vbeauty Tattoo Ink True Black

Packaging description

Black container with a black cap.

Brand

Unknown

Barcode

3050544

Product description

Tattoo ink. Product sold online, in particular via Amazon. ASIN: B097XXCLVS.

Risk type

Chemical

Risk description

The product has an excessive concentration of lead (measured value: 5.1 ppm). Lead is harmful to human health, accumulates in the body, can cause developmental neurotoxicity (only if exposure to children expected) and may affect breast-fed or unborn children. Moreover, the product has an excessive concentration of polycyclic aromatic hydrocarbons (PAHs), notably benzo[a]pyrene and benzo[e]pyrene (measured value: 0.94 ppm and 0.90 ppm, respectively). These PAHs may cause cancer. Finally, the product has an excessive concentration of naphthalene (measured value: 1.8 ppm). Naphthalene is irritant if inhaled or in contact with skin and might cause cancer.

Legal provisions (at EU level) and European standards against which the product was tested and did not

The product does not comply with the REACH Regulation.

Product

Baby monitor

Name

Bluebell Baby Monitor

Brand

Unknown

Product description

Baby monitor with a clip-on sensor that can be attached to the child's clothing to monitor breathing, temperature, crying and rolling onto their tummy. Product claims to have been designed by doctors. Product also sold online.

Risk type

**Asphyxiation
Choking
Environment
Health risk / other
Injuries
Security
Strangulation
Suffocation**

Risk description

The product is claimed to monitor breathing, movement and temperature, amongst other things, making parents' supervision not required. Parents will therefore assume that their careful monitoring is not necessary. However, the application that supports the monitoring system does not function correctly and this creates risks for a child. For example, if this product is used when a child is ill, there is an increased risk that the temperature of the child is not correctly monitored. In addition, there is a risk of choking, strangulation injuries etc. when a child is not properly monitored.

Product

Electric neck fan

Packaging description

Packed in white paper box with Chinese letters.

Brand

Unknown

Product description

Electric fan, to be put around the neck, white plastic.

Risk type

**Chemical
Environment**

Risk description

The product has an excessive concentration of short chain chlorinated paraffins (SCCPs) (measured value: 3.6 % by weight). SCCPs persist in the environment, are toxic to aquatic organisms at low concentrations and bio-accumulate in wildlife and humans, posing a risk to human health and the environment. Prolonged exposure to them through the skin may cause cancer. The solders and the PVC material in the cord have an excessive concentration of lead (measured value up to 54.9 % by weight). Lead poses a risk to the environment. The cord material has an excessive concentration of bis(2-ethylhexyl) phthalate (DEHP) and dibutyl phthalate (DBP) (measured values: 1.7% and 1.3% by weight, respectively). These phthalates may harm the health of children, causing possible damage to their reproductive system. The solders in the product have an excessive concentration of cadmium (measured value: 0.14% by weight). Cadmium bio-accumulates and poses a risk to the environment.

Legal provisions (at EU level) and European standards against which the product was tested and did not comply

The product does not comply with the requirements of the Directive on the restriction of the use substances in electrical and electronic equipment (RoHS 2 Directive) nor with the Persistent Organic Pollutants (POP) Regulation.

Fancy-dress costume

Name

Déguisement Ladybug coccinelle

Packaging description

Plastic bag

Brand

Idopip - Zhi Xuan Tong

Type / number of model

P12-221A1 10238840

Product description

Ladybird costume, comprising a red tutu dress with black dots, a red mask with black dots, a round red bag with black dots. Product sold online, in particular via Amazon ASIN: B09LYQP482.

Risk type

Chemical

Risk description

The plastic material of the product has an excessive concentration of bis(2-ethylhexyl) phthalate (DEHP), (measured values up to: 10.3% by weight). This phthalate may harm the health of children, possibly causing damage to the reproductive system.

Legal provisions (at EU level) and European standards against which the product was tested and did not comply

The product does not comply with the REACH Regulation.

Brand	Porsche
EC-type approval/model	971 e13*2007/46*0971*00*16
Production dates	21/07/2015 - 10/11/2021
Company recall code	APA1
Product description	Passenger car
Risk type	Fire
Risk description	Moisture infiltration may lead to corrosion of the control unit for the additional air conditioning pump. This could damage the unit's wiring harness connection over time, possibly leading to short circuits that could cause a fire. Moreover, if the AUTO-REST heating button is activated in the center console after the vehicle has been parked, it could increase the risk of fire.
Legal provisions (at EU level) and European standards against which the product was tested and did not comply	The product does not comply with the Regulation on the approval and market surveillance of motor vehicles and their trailers, and of systems, components and separate technical units intended for such vehicles.
