Product Baby self-feeding pillow

Name Nursing Pillow for Breastfeeding, Infant Baby

Brand Drfeify

Product description Grey pillow, which can detach from the centre for the purpose of placing around the infant's neck. One end of the product has an elastic mesh net to help hold a bottle in place without the assistance of the care giver. Product sold online, in particular via Amazon.

Risk type Choking

Risk description During self-feeding, the baby is not able to control the flow of fluid. The fluid will continue to flow even if the baby is not swallowing. This may lead to choking.

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The product does not comply with the requirements of the General Product Safety Directive.
