Alert number A12/02642/23

Notifying country	Belgium
Product category	Motor vehicles
Type	Consumer
Product	Passenger car
Name	Ariya
Brand	Nissan
EC-type approval/model	e13*2018/858*00237
Production dates	09.03.2022 - 05.04.2023
Company recall code	R23C7
Product description	Passenger car, 2WD and 4WD models
Risk type	Injuries
Risk description	Conductive fibrous shavings from the slip ring assembly of the drive motors may cause a short circuit between the two slip rings, resulting in an overcurrent detected in the inverter. As a result, engine torque is cut to protect internal components of the controller, resulting in a loss of drive and potentially an "EV System Off" display on the dashboard, increasing the risk of an accident.

Legal provisions (at EU level) and European standards against which the product was tested and did not comply

The product does not comply with the Regulation on the approval and market surveillance of motor vehicles and their trailers, and of systems, components and separate technical units intended for such vehicles.
