Product Baby self-feeding pillow

Brand VGEBY

Product description The product is a pink coloured soft pillow with bunny ears that can be placed around an infant's neck. A net mesh bottle holder is in place at one end of the product for the purpose of holding a bottle in place, hands free. Product sold online, in particular via Cdiscount.

Risk type Choking

Risk description During self-feeding, the baby is not able to control the flow of fluid. The fluid will continue to flow even if the baby is not swallowing. This can/will lead to choking.

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The product does not comply with the requirements of the General Product Safety Directive.

Product Toy plane with sweets

Name FantasyToys

Brand Unknown

Type / number of model NO:898

Barcode 8436031761146

Product description Orange three-wheeled, rigid transparent, plastic air plane with sweets. Colourful stickers with pictures, notes and plastic film are attached to it. In the cabin there is a transparent plastic disc with two LR-41 batteries and a light. A self-retracting string is attached for pulling the toy.

Risk type Choking
Injuries

Risk description The toy has small parts (wheels, stickers, the plastic disc film, the plastic part of the cord) that can easily detach. A child may put them in the mouth and choke. Additionally, the toy has exposed metal axles on the discs and wheels, which may cause injuries to a child. The pulling string has a too strong retraction, which could also hurt a child.

Legal provisions (at EU level) and European standards against which the product was tested and did not comply

The product does not comply with the requirements of the Toy Safety Directive
