RESOLUTIONS
ADOPTED BY THE UNITED NATIONS CONFERENCE
TO CONSIDER AMENDMENTS TO THE SINGLE CONVENTION
ON NARCOTIC DRUGS, 1961

Resolution I

SECRETARIAT OF THE INTERNATIONAL NARCOTICS CONTROL BOARD

The Conference,

Considering that the measures adopted by the Economic and Social Council in its resolution 1196 (XLII) of 16 May 1967 (1464th plenary meeting) met the wishes of the States Parties to the Single Convention on Narcotic Drugs, 1961, and to the earlier conventions still in force,

Recommends the continuation of the system which was instituted by the Secretary-General of the United Nations and whose main provisions are as follows:

1. The International Narcotics Control Board (hereinafter referred to as the Board) has a secretariat distinct from the Division of Narcotic Drugs;
2. That secretariat is an integral part of the Secretariat of the United Nations; while under the full administrative control of the Secretary-General, it is bound to carry out the decisions of the Board;
3. The members of the secretariat are appointed or assigned by the Secretary-General; the head of that secretariat is appointed or assigned in consultation with the Board.

Resolution II

ASSISTANCE IN NARCOTICS CONTROL

The Conference,

Recalling that assistance to developing countries is a concrete manifestation of the will of the international community to honour the commitment contained in the United Nations Charter to promote the social and economic progress of all peoples,

Recalling the special arrangements made by the United Nations General Assembly under its resolution 1395 (XIV) with a view to the provision of technical assistance for drug abuse control,

Welcoming the establishment pursuant to United Nations General Assembly resolution 2719 (XXV), of a United Nations Fund for Drug Abuse Control,

Noting that the Conference has adopted a new article 14 *bis* concerning technical and financial assistance to promote more effective execution of the provisions of the Single Convention on Narcotic Drugs, 1961,

1. *Declares* that, to be more effective, the measures taken against drug abuse must be co-ordinated and universal;

2. *Declares further* that the fulfilment by the developing countries of their obligations under the Convention will be facilitated by adequate technical and financial assistance from the international community.

Resolution III

SOCIAL CONDITIONS AND PROTECTION AGAINST DRUG ADDICTION

The Conference,

Recalling that the Preamble to the Single Convention on Narcotic Drugs, 1961, states that the Parties to the Convention are “concerned with the health and welfare of mankind” and are “conscious of their duty to prevent and combat” the evil of drug addiction,

Considering that the discussions at the Conference have given evidence of the desire to take effective steps to prevent drug addiction,

Considering that, while drug addiction leads to personal degradation and social disruption, it happens very often that the deplorable social and economic conditions in which certain individuals and certain groups are living predispose them to drug addiction,

Recognizing that social factors have a certain and sometimes preponderant influence on the behaviour of individuals and groups,

Recommends that the Parties:

1. Should bear in mind that drug addiction is often the result of an unwholesome social atmosphere in which those who are most exposed to the danger of drug abuse live;

2. Should do everything in their power to combat the spread of the illicit use of drugs;

3. Should develop leisure and other activities conducive to the sound physical and psychological health of young people.

AS AMENDED BY THE 1972 PROTOCOL AMENDING
THE SINGLE CONVENTION ON NARCOTIC DRUGS, 1961**

PREAMBLE

The Parties,

Concerned with the health and welfare of mankind,

Recognizing that the medical use of narcotic drugs continues to be indispensable for the relief of pain and suffering and that adequate provision must be made to ensure the availability of narcotic drugs for such purposes,

Recognizing that addiction to narcotic drugs constitutes a serious evil for the individual and is fraught with social and economic danger to mankind,

Conscious of their duty to prevent and combat this evil,

Considering that effective measures against abuse of narcotic drugs require co-ordinated and universal action,

Understanding that such universal action calls for international co-operation guided by the same principles and aimed at common objectives,

Acknowledging the competence of the United Nations in the field of narcotics control and desirous that the international organs concerned should be within the framework of that Organization,

Desiring to conclude a generally acceptable international convention replacing existing treaties on narcotic drugs, limiting such drugs to medical and scientific use, and providing for continuous international co-operation and control for the achievement of such aims and objectives,

Hereby agree as follows:²

² *Note by the Secretariat:* The Preamble to the Protocol Amending the Single Convention on Narcotic Drugs, 1961, reads as follows:

“The Parties to the Present Protocol,

“Considering the provisions of the Single Convention on Narcotic Drugs, 1961, done at New York on 30 March 1961 (hereinafter called the Single Convention),

The Board, in co-operation with Governments, and subject to the terms of this Convention, shall endeavour to limit the cultivation, production, manufacture and use of drugs to an adequate amount required for medical and scientific purposes, to ensure their availability for such purposes and to prevent illicit cultivation, production and manufacture of, and illicit trafficking in and use of, drugs.

5. All measures taken by the Board under this Convention shall be those most consistent with the intent to further the co-operation of Governments with the Board and to provide the mechanism for a continuing dialogue between Governments and the Board which will lend assistance to and facilitate effective national action to attain the aims of this Convention.

3. The quorum necessary at meetings of the Board shall consist of eight members.

Article 12

ADMINISTRATION OF THE ESTIMATE SYSTEM

1. The Board shall fix the date or dates by which, and the manner in which, the estimates as provided in article 19 shall be furnished and shall prescribe the forms therefor.
2. The Board shall, in respect of countries and territories to which this Convention does not apply, request the Governments concerned to furnish estimates in accordance with the provisions of this Convention.

3. If any State fails to furnish estimates in respect of any of its territories by the date specified, the Board shall, as far as possible, establish the estimates. The Board in establishing such estimates shall to the extent practicable do so in co-operation with the Government concerned.

4. The Board shall examine the estimates, including supplementary estimates, and, except as regards requirements for special purposes, may require such information as it considers necessary in respect of any country or territory on behalf of which an estimate has been furnished, in order to complete the estimate or to explain any statement contained therein.

5. The Board, with a view to limiting the use and distribution of drugs to an adequate amount required for medical and scientific purposes and to ensuring their availability for such purposes, shall as expeditiously as possible confirm the estimates, including supplementary estimates, or, with the consent of the Government concerned, may amend such estimates. In case of a disagreement between the Government and the Board, the latter shall have the right to establish, communicate and publish its own estimates, including supplementary estimates.

6. In addition to the reports mentioned in article 15, the Board shall, at such times as it shall determine but at least annually, issue such information on the estimates as in its opinion will facilitate the carrying out of this Convention.

Article 13

ADMINISTRATION OF THE STATISTICAL RETURNS SYSTEM

2. The Board shall examine the returns with a view to determining whether a Party or any other State has complied with the provisions of this Convention.

4. It shall not be within the competence of the Board to question or express an opinion on statistical information respecting drugs required for special purposes.

Article 14

MEASURES BY THE BOARD TO ENSURE THE EXECUTION OF PROVISIONS OF THE CONVENTION

1. (a) If, on the basis of its examination of information submitted by Governments to the Board under the provisions of this Convention, or of

information communicated by United Nations organs or by specialized agencies or, provided that they are approved by the Commission on the Board's recommendation, by either other intergovernmental organizations or international non-governmental organizations which have direct competence in the subject matter and which are in consultative status with the Economic and Social Council under Article 71 of the Charter of the United Nations or which enjoy a similar status by special agreement with the Council, the Board has objective reasons to believe that the aims of this Convention are being seriously endangered by reason of the failure of any Party, country or territory to carry out the provisions of this Convention, the Board shall have the right to propose to the Government concerned the opening of consultations or to request it to furnish explanations. If, without any failure in implementing the provisions of the Convention, a Party or a country or territory has become, or if there exists evidence of a serious risk that it may become, an important centre of illicit cultivation, production or manufacture of, or traffic in or consumption of drugs, the Board has the right to propose to the Government concerned the opening of consultations. Subject to the right of the Board to call the attention of the Parties, the Council and the Commission to the matter referred to in subparagraph (d) below, the Board shall treat as confidential a request for information and an explanation by a Government or a proposal for consultations and the consultations held with a Government under this subparagraph.

(b) After taking action under subparagraph (a) above, the Board, if satisfied that it is necessary to do so, may call upon the Government concerned to adopt such remedial measures as shall seem under the circumstances to be necessary for the execution of the provisions of this Convention.

(c) The Board may, if it thinks such action necessary for the purpose of assessing a matter referred to in subparagraph (a) of this paragraph, propose to the Government concerned that a study of the matter be carried out in its territory by such means as the Government deems appropriate. If the Government concerned decides to undertake this study, it may request the Board to make available the expertise and the services of one or more persons with the requisite competence to assist the officials of the Government in the proposed study. The person or persons whom the Board intends to make available shall be subject to the approval of the Government. The modalities of this study and the time-limit within which the study has to be completed shall be determined by consultation between the Government and the Board. The Government shall communicate to the Board the results of the study and shall indicate the remedial measures that it considers necessary to take.

(d) If the Boards finds that the Government concerned has failed to give satisfactory explanations when called upon to do so under subparagraph (a) above, or has failed to adopt any remedial measures which it has been called upon to take under subparagraph (b) above, or that there is a serious situation that needs co-operative action at the international level with a view to remedying

it, it may call the attention of the Parties, the Council and the Commission to the matter. The Board shall so act if the aims of this Convention are being seriously endangered and it has not been possible to resolve the matter satisfactorily in any other way. It shall also so act if it finds that there is a serious situation that needs co-operative action at the international level with a view to remedying it and that bringing such a situation to the notice of the Parties, the Council and the Commission is the most appropriate method of facilitating such co-operative action; after considering the reports of the Board, and of the Commission if available on the matter, the Council may draw the attention of the General Assembly to the matter.

2. The Board, when calling the attention of the Parties, the Council and the Commission to a matter in accordance with paragraph 1 (*d*) above, may, if it is satisfied that such a course is necessary, recommend to Parties that they stop the import of drugs, the export of drugs, or both, from or to the country or territory concerned, either for a designated period or until the Board shall be satisfied as to the situation in that country or territory. The State concerned may bring the matter before the Council.

3. The Board shall have the right to publish a report on any matter dealt with under the provisions of this article, and communicate it to the Council, which shall forward it to all Parties. If the Board publishes in this report a decision taken under this article or any information relating thereto, it shall also publish therein the views of the Government concerned if the latter so requests.

4. If in any case a decision of the Board which is published under this article is not unanimous, the views of the minority shall be stated.

5. Any State shall be invited to be represented at a meeting of the Board at which a question directly interesting it is considered under this article.

6. Decisions of the Board under this article shall be taken by a two-thirds majority of the whole number of the Board.

Article 14 bis

TECHNICAL AND FINANCIAL ASSISTANCE

In cases which it considers appropriate and either in addition or as an alternative to measures set forth in article 14, paragraphs 1 and 2, the Board, with the agreement of the Government concerned, may recommend to the competent United Nations organs and to the specialized agencies that technical or financial assistance, or both, be provided to the Government in support of its efforts to carry out its obligations under this Convention, including those set out or referred to in articles 2, 35, 38 and 38 *bis*.

Article 15

REPORTS OF THE BOARD

1. The Board shall prepare an annual report on its work and such additional reports as it considers necessary containing also an analysis of the estimates and statistical information at its disposal, and, in appropriate cases, an account of the explanations, if any, given by or required of Governments, together with any observations and recommendations which the Board desires to make. These reports shall be submitted to the Council through the Commission, which may make such comments as it sees fit.

2. The reports shall be communicated to the Parties and subsequently published by the Secretary-General. The Parties shall permit their unrestricted distribution.

(c) Such particulars as the Commission shall determine concerning cases of illicit traffic, including particulars of each case of illicit traffic discovered which

(d) The names and addresses of the governmental authorities empowered to issue export and import authorizations or certificates.

2. Parties shall furnish the information referred to in the preceding paragraph in such manner and by such dates and use such forms as the Commission may request.

Article 19

(b) Subject to the deductions referred to in paragraph 3 of article 21 regarding imports and in paragraph 2 of article 21 *bis*, the total of the estimates for opium for each territory shall consist either of the sum of the amounts specified under subparagraphs (a), (b) and (d) of paragraph 1 of this article, with the addition of any amount required to bring the actual stocks on hand at 31

December of the preceding year to the level estimated as provided in subparagraph (c) of paragraph 1, or of the amount specified under subparagraph (f) of paragraph 1 of this article, whichever is higher.

(c) Subject to the deductions referred to in paragraph 3 of article 21, the total of the estimates for each territory for each synthetic drug shall consist either of the sum of the amounts specified under subparagraphs (a), (b) and (d) of paragraph 1 of this article, with the addition of any amount required to bring the actual stocks on hand at 31 December of the preceding year to the level estimated as provided in subparagraph (c) of paragraph 1, or of the sum of the amounts specified under subparagraph (h) of paragraph 1 of this article, whichever is higher.

(d) The estimates furnished under the preceding subparagraphs of this paragraph shall be appropriately modified to take into account any quantity seized and thereafter released for licit use as well as any quantity taken from special stocks for the requirements of the civilian population.

3. Any State may during the year furnish supplementary estimates with an explanation of the circumstances necessitating such estimates.

4. The Parties shall inform the Board of the method used for determining quantities shown in the estimates and of any changes in the said method.

5. Subject to the deductions referred to in paragraph 3 of article 21, and account being taken where appropriate of the provisions of article 21 *bis*, the estimates shall not be exceeded.

(a) Production or manufacture of drugs;

(b) Utilization of drugs for the manufacture of other drugs, of preparations in Schedule III and of substances not covered by this Convention, and utilization of poppy straw for the manufacture of drugs;

furnished to the Board not later than 30 June following the year to which they relate.

(b) The statistical returns in respect to the matters referred to in subparagraph (d) of paragraph 1 shall be prepared quarterly and shall be furnished to the Board within one month after the end of the quarter to which they relate.

3. The Parties are not required to furnish statistical returns respecting special stocks, but shall furnish separately returns respecting drugs imported into or procured within the country or territory for special purposes, as well as quantities of drugs withdrawn from special stocks to meet the requirements of the civilian population.

Article 21

LIMITATION OF MANUFACTURE AND IMPORTATION

1. The total of the quantities of each drug manufactured and imported by any country or territory in any one year shall not exceed the sum of the following:

(a) The quantity consumed, within the limit of the relevant estimate, for medical and scientific purposes;

(b) The quantity used, within the limit of the relevant estimate, for the manufacture of other drugs, of preparations in Schedule III, and of substances not covered by this Convention;

(c) The quantity exported;

(d) The quantity added to the stock for the purpose of bringing that stock up to the level specified in the relevant estimate; and

(e) The quantity acquired within the limit of the relevant estimate for special purposes.

2. From the sum of the quantities specified in paragraph 1 there shall be deducted any quantity that has been seized and released for licit use, as well as any quantity taken from special stocks for the requirements of the civilian population.

3. If the Board finds that the quantity manufactured and imported in any one year exceeds the sum of the quantities specified in paragraph 1, less any deductions required under paragraph 2 of this article, any excess so established and remaining at the end of the year shall, in the following year, be deducted from the quantity to be manufactured or imported and from the total of the estimates as defined in paragraph 2 of article 19.

4. (a) If it appears from the statistical returns on imports or exports (article 20) that the quantity exported to any country or territory exceeds the total of the estimates for that country or territory, as defined in paragraph 2 of

article 19, with the addition of the amounts shown to have been exported, and after deduction of any excess as established in paragraph 3 of this article, the Board may notify this fact to States which, in the opinion of the Board, should be so informed;

(b) On receipt of such a notification, Parties shall not during the year in question authorize any further exports of the drug concerned to that country or territory, except:

- (i) In the event of a supplementary estimate being furnished for that country or territory in respect both of any quantity over-imported and of the additional quantity required, or
- (ii) In exceptional cases where the export, in the opinion of the Government of the exporting country, is essential for the treatment of the sick.

Article 21 bis

LIMITATION OF PRODUCTION OF OPIUM

1. The production of opium by any country or territory shall be organized and controlled in such manner as to ensure that, as far as possible, the quantity produced in any one year shall not exceed the estimate of opium to be produced as established under paragraph 1 (f) of article 19.

2. If the Board finds on the basis of information at its disposal in accordance with the provisions of this Convention that a Party which has submitted an estimate under paragraph 1 (f) of article 19 has not limited opium produced within its borders to licit purposes in accordance with relevant estimates and that a significant amount of opium produced, whether licitly or illicitly, within the borders of such a Party, has been introduced into the illicit traffic, it may, after studying the explanations of the Party concerned, which shall be submitted to it within one month after notification of the finding in question, decide to deduct all, or a portion, of such an amount from the quantity to be produced and from the total of the estimates as defined in paragraph 2 (b) of article 19 for the next year in which such a deduction can be technically accomplished, taking into account the season of the year and contractual commitments to export opium. This decision shall take effect ninety days after the Party concerned is notified thereof.

3. After notifying the Party concerned of the decision it has taken under paragraph 2 above with regard to a deduction, the Board shall consult with that Party in order to resolve the situation satisfactorily.

4. If the situation is not satisfactorily resolved, the Board may utilize the provisions of article 14 where appropriate.

5. In taking its decision with regard to a deduction under paragraph 2 above, the Board shall take into account not only all relevant circumstances

including those giving rise to the illicit traffic problem referred to in paragraph 2 above, but also any relevant new control measures which may have been adopted by the Party.

Article 22

SPECIAL PROVISION APPLICABLE TO CULTIVATION

1. Whenever the prevailing conditions in the country or a territory of a Party render the prohibition of the cultivation of the opium poppy, the coca bush or the cannabis plant the most suitable measure, in its opinion, for protecting the public health and welfare and preventing the diversion of drugs into the illicit traffic, the Party concerned shall prohibit cultivation.

2. A Party prohibiting cultivation of the opium poppy or the cannabis plant shall take appropriate measures to seize any plants illicitly cultivated and to destroy them, except for small quantities required by the Party for scientific or research purposes.

Article 23

NATIONAL OPIUM AGENCIES

2. Each such Party shall apply the following provisions to the cultivation of the opium poppy for the production of opium and to opium;

(a) The Agency shall designate the areas in which, and the plots of land on which, cultivation of the opium poppy for the purpose of producing opium shall be permitted.

(b) Only cultivators licensed by the Agency shall be authorized to engage in such cultivation.

(c) Each licence shall specify the extent of the land on which the cultivation is permitted.

(d) All cultivators of the opium poppy shall be required to deliver their total crops of opium to the Agency. The Agency shall purchase and take physical possession of such crops as soon as possible, but not later than four months after the end of the harvest.

(e) The Agency shall, in respect of opium, have the exclusive right of importing, exporting, wholesale trading and maintaining stocks other than those held by manufacturers of opium alkaloids, medicinal opium or opium preparations. Parties need not extend this exclusive right to medicinal opium and opium preparations.

3. The governmental functions referred to in paragraph 2 shall be discharged by a single government agency if the constitution of the Party concerned permits it.

Article 24

LIMITATION ON PRODUCTION OF OPIUM FOR INTERNATIONAL TRADE

1. (a) If any Party intends to initiate the production of opium or to increase existing production, it shall take account of the prevailing world need for opium in accordance with the estimates thereof published by the Board so that the production of opium by such Party does not result in overproduction of opium in the world.

(b) A Party shall not permit the production of opium or increase the existing production thereof if in its opinion such production or increased production in its territory may result in illicit traffic in opium.

2. (a) Subject to paragraph 1, where a Party which as of 1 January 1961 was not producing opium for export desires to export opium which it produces, in amounts not exceeding five tons annually, it shall notify the Board, furnishing with such notification information regarding:

- (i) The controls in force as required by this Convention respecting the opium to be produced and exported; and
- (ii) The name of the country or countries to which it expects to export such opium;

and the Board may either approve such notification or may recommend to the Party that it not engage in the production of opium for export.

- (i) The estimated amounts to be produced for export;
- (ii) The controls existing or proposed respecting the opium to be produced;
- (iii) The name of the country or countries to which it expects to export such opium;

and the Council shall either approve the notification or may recommend to the Party that it not engage in the production of opium for export.

3. Notwithstanding the provisions of subparagraphs (a) and (b) of paragraph 2, a Party that during ten years immediately prior to 1 January 1961 exported opium which such country produced may continue to export opium which it produces.

4. (a) A Party shall not import opium from any country or territory except opium produced in the territory of:

- (i) A Party referred to in paragraph 3;
- (ii) A Party that has notified the Board as provided in subparagraph (a) of paragraph 2; or
- (iii) A Party that has received the approval of the Council as provided in subparagraph (b) of paragraph 2.

(b) Notwithstanding subparagraph (a) of this paragraph, a Party may import opium produced by any country which produced and exported opium during the ten years prior to 1 January 1961 if such country has established and maintains a national control organ or agency for the purposes set out in article 23 and has in force an effective means of ensuring that the opium it produces is not diverted into the illicit traffic.

5. The provisions of this article do not prevent a Party:

- (a) From producing opium sufficient for its own requirements; or
- (b) From exporting opium seized in the illicit traffic, to another Party in accordance with the requirements of this Convention.

Article 25

CONTROL OF POPPY STRAW

1. A Party that permits the cultivation of the opium poppy for purposes other than the production of opium shall take all measures necessary to ensure:

- (a) That opium is not produced from such opium poppies; and
- (b) That the manufacture of drugs from poppy straw is adequately controlled.

2. The Parties shall apply to poppy straw the system of import certificates and export authorizations as provided in article 31, paragraphs 4 to 15.

3. The Parties shall furnish statistical information on the import and export of poppy straw as required for drugs under article 20, paragraphs 1 (d) and 2 (b).

Article 26

THE COCA BUSH AND COCA LEAVES

1. If a Party permits the cultivation of the coca bush, it shall apply thereto and to coca leaves the system of controls as provided in article 23 respecting the control of the opium poppy, but as regards paragraph 2 (d) of that article, the requirements imposed on the Agency therein referred to shall be only to take physical possession of the crops as soon as possible after the end of the harvest.

2. The Parties shall so far as possible enforce the uprooting of all coca bushes which grow wild. They shall destroy the coca bushes if illegally cultivated.

Article 27

ADDITIONAL PROVISIONS RELATING TO COCA LEAVES

1. The Parties may permit the use of coca leaves for the preparation of a flavouring agent, which shall not contain any alkaloids, and, to the extent necessary for such use, may permit the production, import, export, trade in and possession of such leaves.

2. The Parties shall furnish separately estimates (article 19) and statistical information (article 20) in respect of coca leaves for preparation of the flavouring agent, except to the extent that the same coca leaves are used for the extraction of alkaloids and the flavouring agent, and so explained in the estimates and statistical information.

Article 28

CONTROL OF CANNABIS

1. If a Party permits the cultivation of the cannabis plant for the production of cannabis or cannabis resin, it shall apply thereto the system of controls as provided in article 23 respecting the control of the opium poppy.

2. This Convention shall not apply to the cultivation of the cannabis plant exclusively for industrial purposes (fibre and seed) or horticultural purposes.

3. The Parties shall adopt such measures as may be necessary to prevent the misuse of, and illicit traffic in, the leaves of the cannabis plant.

3. The Parties shall prevent the accumulation, in the possession of drug manufacturers, of quantities of drugs and poppy straw in excess of those required for the normal conduct of business, having regard to the prevailing market conditions.

Article 30

TRADE AND DISTRIBUTION

1. (a) The Parties shall require that the trade in and distribution of drugs be under licence except where such trade or distribution is carried out by a State enterprise or State enterprises.

(b) (i) Require medical prescriptions for the supply or dispensation of drugs to individuals. This requirement need not apply to such drugs as individuals may lawfully obtain, use, dispense or administer in connexion with their duly authorized therapeutic functions; and

(ii) If the Parties deem these measures necessary or desirable, require that prescriptions for drugs in Schedule I should be written on official forms to be issued in the form of counterfoil books by the competent governmental authorities or by authorized professional associations.

3. It is desirable that Parties require that written or printed offers of drugs, advertisements of every kind or descriptive literature relating to drugs and used for commercial purposes, interior wrappings of packages containing drugs, and

labels under which drugs are offered for sale indicate the international non-proprietary name communicated by the World Health Organization.

4. If a Party considers such measure necessary or desirable, it shall require that the inner package containing a drug or wrapping thereof shall bear a clearly visible double red band. The exterior wrapping of the package in which such drug is contained shall not bear a double red band.

5. A Party shall require that the label under which a drug is offered for sale show the exact drug content by weight or percentage. This requirement of label information need not apply to a drug dispensed to an individual on medical prescription.

6. The provisions of paragraphs 2 and 5 need not apply to the retail trade in or retail distribution of drugs in Schedule II.

Article 31

SPECIAL PROVISIONS RELATING TO INTERNATIONAL TRADE

1. The Parties shall not knowingly permit the export of drugs to any country or territory except:

(a) In accordance with the laws and regulations of that country or territory; and

(b) Within the limits of the total of the estimates for that country or territory, as defined in paragraph 2 of article 19, with the addition of the amounts intended to be re-exported.

2. The Parties shall exercise in free ports and zones the same supervision and control as in other parts of their territories, provided, however, that they may apply more drastic measures.

3. The Parties shall:

(a) Control under licence the import and export of drugs except where such import or export is carried out by a State enterprise or enterprises;

(b) Control all persons and enterprises carrying on or engaged in such import or export.

4. (a) Every Party permitting the import or export of drugs shall require a separate import or export authorization to be obtained for each such import or export whether it consists of one or more drugs.

(b) Such authorization shall state the name of the drug, the international non-proprietary name if any, the quantity to be imported or exported, and the name and address of the importer and exporter, and shall specify the period within which the importation or exportation must be effected.

(c) The export authorization shall also state the number and date of the import certificate (paragraph 5) and the authority by whom it has been issued.

(d) The import authorization may allow an importation in more than one consignment.

5. Before issuing an export authorization the Parties shall require an import certificate, issued by the competent authorities of the importing country or territory and certifying that the importation of the drug or drugs referred to therein, is approved and such certificate shall be produced by the person or establishment applying for the export authorization. The Parties shall follow as closely as may be practicable the form of import certificate approved by the Commission.

6. A copy of the export authorization shall accompany each consignment, and the Government issuing the export authorization shall send a copy to the Government of the importing country or territory.

7. (a) The Government of the importing country or territory, when the importation has been effected or when the period fixed for the importation has expired, shall return the export authorization, with an endorsement to that effect, to the Government of the exporting country or territory.

(b) The endorsement shall specify the amount actually imported.

(c) If a lesser quantity than that specified in the export authorization is actually exported, the quantity actually exported shall be stated by the competent authorities on the export authorization and on any official copy thereof.

8. Exports of consignments to a post office box, or to a bank to the account of a Party other than the Party named in the export authorization, shall be prohibited.

9. Exports of consignments to a bonded warehouse are prohibited unless the Government of the importing country certifies on the import certificate, produced by the person or establishment applying for the export authorization, that it has approved the importation for the purpose of being placed in a bonded warehouse. In such case the export authorization shall specify that the consignment is exported for such purpose. Each withdrawal from the bonded warehouse shall require a permit from the authorities having jurisdiction over the warehouse and, in the case of a foreign destination shall be treated as if it were a new export within the meaning of this Convention.

10. Consignments of drugs entering or leaving the territory of a Party not accompanied by an export authorization shall be detained by the competent authorities.

11. A Party shall not permit any drugs consigned to another country to pass through its territory, whether or not the consignment is removed from the conveyance in which it is carried, unless a copy of the export authorization for such consignment is produced to the competent authorities of such Party.

12. The competent authorities of any country or territory through which a consignment of drugs is permitted to pass shall take all due measures to prevent the diversion of the consignment to a destination other than that named in the accompanying copy of the export authorization unless the Government of that country or territory through which the consignment is passing authorizes the diversion. The Government of the country or territory of transit shall treat any requested diversion as if the diversion were an export from the country or territory of transit to the country or territory of new destination. If the diversion is authorized, the provisions of paragraph 7 (a) and (b) shall also apply between the country or territory of transit and the country or territory which originally exported the consignment.

13. No consignment of drugs while in transit, or whilst being stored in a bonded warehouse, may be subjected to any process which would change the nature of the drugs in question. The packing may not be altered without the permission of the competent authorities.

15. The provisions of this article are without prejudice to the provisions of any international agreements which limit the control which may be exercised by any of the Parties over drugs in transit.

16. Nothing in this article other than paragraphs 1 (a) and 2 need apply in the case of preparations in Schedule III.

Article 32

2. Appropriate safeguards shall be taken by the country of registry to prevent the improper use of the drugs referred to in paragraph 1 or their diversion for illicit purposes. The Commission, in consultation with the appropriate international organizations, shall recommend such safeguards.

3. Drugs carried by ships or aircraft in accordance with paragraph 1 shall be subject to the laws, regulations, permits and licences of the country of registry, without prejudice to any rights of the competent local authorities to

(b) That governmental authorities, manufacturers, traders, scientists, scientific institutions and hospitals keep such records as will show the quantities of each drug manufactured and of each individual acquisition and disposal of drugs. Such records shall respectively be preserved for a period of not less than two years. Where counterfoil books (article 30, paragraph 2 (b)) of official prescriptions are used, such books including the counterfoils shall also be kept for a period of not less than two years.

Article 35

ACTION AGAINST THE ILLICIT TRAFFIC

(d) Ensure that international co-operation between the appropriate agencies be conducted in an expeditious manner; and

(e) Ensure that where legal papers are transmitted internationally for the purposes of a prosecution, the transmittal be effected in an expeditious manner to the bodies designated by the Parties; this requirement shall be without prejudice to the right of a Party to require that legal papers be sent to it through the diplomatic channel;

(f) Furnish, if they deem it appropriate, to the Board and the Commission through the Secretary-General, in addition to information required by article 18, information relating to illicit drug activity within their borders, including information on illicit cultivation, production, manufacture and use of, and on illicit trafficking in, drugs; and

(g) Furnish the information referred to in the preceding paragraph as far as possible in such manner and by such dates as the Board may request; if requested by a Party, the Board may offer its advice to it in furnishing the information and in endeavouring to reduce the illicit drug activity within the borders of that Party.

Article 36

PENAL PROVISIONS

1. (a) Subject to its constitutional limitations, each Party shall adopt such measures as will ensure that cultivation, production, manufacture, extraction, preparation, possession, offering, offering for sale, distribution, purchase, sale, delivery on any terms whatsoever, brokerage, dispatch, dispatch in transit, transport, importation and exportation of drugs contrary to the provisions of this Convention, and any other action which in the opinion of such Party may be contrary to the provisions of this Convention, shall be punishable offences when committed intentionally, and that serious offences shall be liable to adequate punishment particularly by imprisonment or other penalties of deprivation of liberty.

(b) Notwithstanding the preceding subparagraph, when abusers of drugs have committed such offences, the Parties may provide, either as an alternative to conviction or punishment or in addition to conviction or punishment, that such abusers shall undergo measures of treatment, education, after-care, rehabilitation and social reintegration in conformity with paragraph 1 of article 38.

2. Subject to the constitutional limitations of a Party, its legal system and domestic law,

(a) (i) Each of the offences enumerated in paragraph 1, if committed in different countries, shall be considered as a distinct offence;

- (iii) Foreign convictions for such offences shall be taken into account for the purpose of establishing recidivism; and
 - (iv) Serious offences heretofore referred to committed either by nationals or by foreigners shall be prosecuted by the Party in whose territory the offence was committed, or by the Party in whose territory the offender is found if extradition is not acceptable in conformity with the law of the Party to which application is made, and if such offender has not already been prosecuted and judgement given.
- (b) (i) Each of the offences enumerated in paragraphs 1 and 2 (a) (ii) of this article shall be deemed to be included as an extraditable offence in any extradition treaty existing between Parties. Parties undertake to include such offences as extraditable offences in every extradition treaty to be concluded between them.
- (ii) If a Party which makes extradition conditional on the existence of a treaty receives a request for extradition from another Party with which it has no extradition treaty, it may at its option consider this Convention as the legal basis for extradition in respect of the offences enumerated in paragraphs 1 and 2 (a) (ii) of this article. Extradition shall be subject to the other conditions provided by the law of the requested Party.
- (iii) Parties which do not make extradition conditional on the existence of a treaty shall recognize the offences enumerated in paragraphs 1 and 2 (a) (ii) of this article as extraditable offences between themselves, subject to the conditions provided by the law of the requested Party.
- (iv) Extradition shall be granted in conformity with the law of the Party to which application is made, and, notwithstanding subparagraphs (b) (i), (ii) and (iii) of this paragraph, the Party shall have the right to refuse to grant the extradition in cases where the competent authorities consider that the offence is not sufficiently serious.

3. The provisions of this article shall be subject to the provisions of the criminal law of the Party concerned on questions of jurisdiction.

4. Nothing contained in this article shall affect the principle that the offences to which it refers shall be defined, prosecuted and punished in conformity with the domestic law of a Party.

2. The Parties shall as far as possible promote the training of personnel in the treatment, after-care, rehabilitation and social reintegration of abusers of drugs.

3. The Parties shall take all practicable measures to assist persons whose work so requires to gain an understanding of the problems of abuse of drugs and of its prevention, and shall also promote such understanding among the general public if there is a risk that abuse of drugs will become widespread.

Article 38 bis
