Production dates 15.05.2023 - 16.01.2024

Company recall code 0000612000

Product description Motorcycle

Risk type Fire

Risk description Due to defects in the injection casting process or mechanical damage to the sheath, humidity may enter the starter relay. This can lead to the corrosion of components/contacts inside the starter relay, causing functional failures. This corrosion can also cause electrical leaks making components overheat, creating a risk of fire.
