Product category Protective equipment

Type Professional

Product Particle filter mask

Name FFP2 Ademhalingsbeschermingsmasker

Packaging description Paper box.

Brand XingGuang

Type / number of model XGM-95 FFP2 NR

Batch number 2200010-00178

Barcode 5404017206458

Product description Particle filter mask.

Risk type Health risk / other

Risk description The particle filtration capacity of the material is insufficient. Consequently, an excessive number of particles or microorganisms might pass through the mask. Thus, even if combined with other recommended measures, it may not properly protect.

Legal provisions (at EU level) and European standards against which the product was tested and did not comply

The product does not comply with the Personal Protective Equipment (PPE) Regulation nor with the European standard EN 149.

Product Crimp beads

Name Perles de sertissage

Brand Unknown

Product description Silver steel crimp beads.

Risk type Chemical

Risk description The rate of nickel release is too high (measured value up to: 1.3 µg/cm<sup>2</sup>/week). Nickel is a strong sensitiser and causes allergic reactions if present in articles that come into direct and prolonged contact with the skin. The product has an excessive concentration of lead (measured value: 2.5% by weight). Lead is harmful to human health, accumulates in the body, can cause developmental neurotoxicity and may affect breast-fed or unborn children.

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The product does not comply with the REACH Regulation.

Product Water balloons

Name Water Bomb Magnetic Seal

Packaging description Blue carton box with a picture of balls and some grass.

Brand ToyRock

Type / number of model 92024000

Barcode 6430056949253

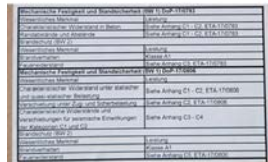

Product description Four reusable water balloons with magnetic seal. Set includes four balls with different colours (blue, green, yellow and red). Balls are hollow and can be opened from the middle in two

halves. Halves can be attached to each other by little magnetic parts. Magnetic parts are under a silicone layer.

Risk type	Choking Injuries
Risk description	The toy has small parts (magnets) with a high magnetic flux. The magnets can be easily detached from the balloon halves by pushing them through the silicone layer. A child may put the magnets in the mouth, which may lead to choking, or if swallowed, they could attract one another, causing intestinal blockage or perforation.

Risk description	The battery cable connecting the battery to the fuse box is not fitted with a fuse. In the event of a collision, the battery cable could be damaged if it is trapped against the vehicle's body. This can lead to a short circuit and possible overheating of the battery cable, which creates a risk of fire and injury.

Company recall code 69EJ

Product description	Passenger car/van
Risk type	Injuries
Risk description	The driver airbag's gas generator may be faulty, resulting in uncontrolled inflation and the release of metal fragments. This increases the risk of injuries to the occupants.
Legal provisions (at EU level) and European standards against which the product was tested and did not comply	The product does not comply with the Regulation on the approval and market surveillance of motor vehicles and their trailers, and of systems, components and separate technical units intended for such vehicles.
Country of origin	Germany
Measures taken by economic operators	Recall of the product from end users Manufacturer
Products were found and measures were taken also in	Denmark France Croatia Hungary Ireland Slovenia

Alert number

A12/00914/24

Notifying country Germany

Product category Toys

Type Consumer

Product Children's wireless headphone

Name TECHNIFANT Hörchen BT

Packaging description Cardboard box with Euro slot hanger.

Brand Technisat

Type / number of model 0001/9103, 0000/9103

Batch number 10086918812 to 10086920811, 10086920812 to 10086922811

Barcode 4019588191037

Product description	Children's bluetooth headphones with an additional cable. Product sold online.
Risk type	Chemical
Risk description	The additional jack cable has an excessive concentration of bis(2-ethylhexyl) phthalate (DEHP), (5,1% by weight). This phthalate may harm the health by causing possible damage to the reproductive system. Moreover, part of the product has an excessive concentration of short chain chlorinated paraffins (SCCPs) (18g/kg). SCCPs persist in the environment, are toxic to aquatic organisms at low concentrations and bio-accumulate in wildlife and humans, posing a risk to human health and the environment.
Legal provisions (at EU level) and European standards against which the product was tested and did not comply	The product does not comply with the requirements of the Toy Safety Directive nor with the Persistent Organic Pollutants (POP) Regulation.
Country of origin	People's Republic of China
Measures taken by economic operators	Withdrawal of the product from the market Manufacturer
Measures taken by economic operators	Recall of the product from end users Manufacturer
Measures taken by economic operators	Ban on the marketing of the product and any accompanying measures Manufacturer
