Packaging description Cardboard box.

Brand Unknown

Product description Christmas lighting chain with 10 balls and non-replaceable LED light sources equipped with an electronic unit.

Risk type Electric shock

Risk description The power lead is not securely anchored to the electronic unit and sufficiently secured against pulling out (connected only)

by fusible material and soldering) and the mechanical strength of the electronic unit is not sufficient, the cover can be easily removed from it by hand without the use of force or the use of tools, at the point of connection of the power lead, thereby live parts are also accessible. The user could touch live parts and receive an electric shock.

Legal provisions (at EU level) and European standards against which the product was tested and did not comply

The product does not comply with the requirements of the Low Voltage Directive.

Product Fireworks

Name Kingdom

Packaging description Cardboard box.

Brand China Red

Type / number of model KY6046

Batch number KY6046-232

Product description Fireworks of category F2, with 50 shots.

Risk type Burns
Damage to hearing
Injuries

Risk description The fireworks may burst or release burning material too close to the ground, causing fire and/or burns and eye injuries to bystanders. Moreover, the product has duds with fuse, children can pick these up and ignite them causing injuries and/or burns. In addition, the sound pressure level is too high (measured values exceeding 120 dB). Consequently, it can cause damage to hearing.

Legal provisions (at EU level) and European standards against which the product was tested and did not comply

The product does not comply with the requirements of the Pyrotechnics Directive nor with the European standard EN 15947.

Brand Wolff Vuurwerk B.V.

Type / number of model 2508

Batch number 23020-2508

Product description Fireworks of category F2.

Risk type Burns
Damage to hearing
Injuries

Risk description The article has too many duds with and without fuse, children can pick these up and ignite them, causing injuries and/or burns. It also expels excessive quantities of burning pieces outside the safety distance, which can cause injuries and/or burns to the user or bystanders or cause a fire. In addition, the sound pressure level of the fireworks is too high, posing a risk for serious injury to hearing of the user and bystanders.

Moreover the product has an inadequate fuse delay (too short or too long) which may cause the user to walk to the article too early or not having enough time to reach a safe distance from the fireworks.

Legal provisions (at EU level) and European standards against which the product was tested and did not comply

The product does not comply with the requirements of the Pyrotechnics Directive nor with the European standard EN 15947.
