Notifying country	Norway
Product category	Furniture
Type	Consumer
Product	Storage box
Name	Collapsible storage box
Brand	24hshop
Type / number of model	9494
Barcode	6953292516442
Product description	Storage box with dimensions 50cm x 40cm x 15 cm. Product sold online.
Risk type	Chemical Environment
Risk description	The plastic material with white squares of the product contains an excessive amount of bis(2-ethylhexyl) phthalate (DEHP) (measured values up to 9.55%) and short-chain chlorinated paraffins (SCCPs) (measured values up to 1.96% by weight). Moreover, the area with see-through plastic of the product contains an excessive amount of bis(2-ethylhexyl) phthalate (DEHP) (measured values up to 15.83 %) and cadmium (measured values up to 0.041%). Cadmium is harmful to human health because it accumulates in the body, can damage the kidneys and bones and it may cause cancer. DEHP may harm the health of children by causing possible damage to the reproductive system. SCCPs persist in the environment, are toxic to aquatic organisms at low concentrations and bio-accumulate in wildlife and humans, posing a risk to human health and the environment.

Legal provisions (at EU level) and European standards against which the product was tested and did not comply

The product does not comply with the REACH Regulation nor with the Persistent Organic Pollutants (POP) Regulation.

Notifying country	Sweden
Product category	Toys
Type	Consumer
Product	Plastic ball
Name	Uppblåsbar strandboll
Packaging description	Plastic bag.
Brand	Unknown
Type / number of model	GU01404
Product description	A set of three beach balls made of pink and transparent PVC plastic with glitter inside. Product sold online.
Risk type	Chemical Environment
Risk description	The pink plastic material of the ball has excessive concentrations of bis(2-ethylhexyl) phthalate (DEHP), diisononyl phthalate (DINP) and short-chain chlorinated paraffins (SCCPs) (measured values up to:

14%, 2% and 0.4% by weight, respectively). These phthalates may harm the health of children, causing possible damage to their reproductive system. SCCPs persist in the environment, are toxic to aquatic organisms at low concentrations and bio-accumulate in wildlife and humans, posing a risk to human health and the environment. Prolonged exposure to them through the skin may cause cancer.

Legal provisions (at EU level) and European standards against which the product was tested and did not comply

The product does not comply with the REACH Regulation nor with the Persistent Organic Pollutants (POP) Regulation.

Risk type **Electric shock**

Risk description **The cable is not properly anchored. The product has inadequate insulation. The structure of the cord extension socket allows single-pole insertion of plugs. Moreover, the dimensions of the connection plug and socket do not comply with the specifications. Consequently, the user can touch accessible live parts and receive an electric shock.**

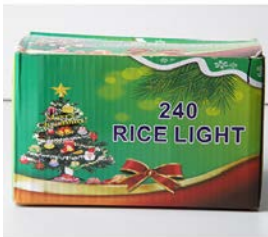

Legal provisions (at EU level) and European standards against which the product was tested and did not comply

The product does not comply with the requirements of the Low Voltage Directive nor with the European standard EN 60598.
