Product Toy pétanque set

Name Mon premier jeu de pétanque

Packaging description Transparent plastic zipper bag.

Brand RUBBABU

Type / number of model 20213

Barcode 8904001202130

Product description Toy pétanque set made of foam, with six balls (red, blue, green) and a yellow jack.

Risk type	Chemical Choking
Risk description	The product has a small part (the jack), a child may put it in the mouth and choke. Moreover, the plastic releases an excessive amount of N-nitrosatable substances (measured value up to 3.69 mg/kg). Nitrosatable compounds can be converted into nitrosamines, which may cause cancer through ingestion or dermal exposure. A child could be exposed to them when touching or putting the product in the mouth.

Barcode 8434077268018

Product description Battery-operated projector with a Halloween theme. Product sold online.

Risk type	Chemical Environment
Risk description	The solders in the product have an excessive concentration of lead (measured value up to 51.2 % by weight). Lead poses a risk to the environment. The plastic material of the cable has excessive concentrations of bis(2-ethylhexyl) phthalate (DEHP), dibutyl phthalate DBP and short-chain chlorinated paraffins (SCCPs) (measured values up to 1.4%, 0.8% and 6.2% by weight, respectively). DEHP and DBP may harm the health of children by causing possible damage to their reproductive system. SCCPs persist in the environment, are toxic to aquatic organisms at low concentrations and bio-accumulate in wildlife and humans, posing a risk to human health and the environment. Prolonged exposure to them through the skin may cause cancer.
Legal provisions (at EU level) and European standards against which the product was tested and did not comply	The product does not comply with the requirements of the Directive on the restriction of the use of certain hazardous substances in electrical and electronic equipment (RoHS Directive) nor with the Persistent Organic Pollutants (POP) Regulation.

Product Stacking toy

Name Culbuto empilable

Packaging description Plastic cylindrical case with a zip fastening.

Brand RUBBABU

Type / number of model 20377

Barcode 8904001203779

Product description Stacking toy made of rubber with a blue-green base and 5 rings (purple, orange, yellow, pink and green), and a green duck on top.

Risk type Chemical
Choking
Other : Health risk

Risk description A small part (duck's bill) can easily detach from the toy. Small children may put it in their mouth and choke. Moreover, the migration of lead from the toy is too high (measured value up to 64 mg/kg). Lead is harmful to children as it can lead to developmental neurotoxicity. It accumulates in the body and

may also affect their future progeny when breast-fed or unborn. In addition, the migration of N-nitrosatable substances from the toy is too high (measured value up to 2.8 mg/kg). Nitrosatable substances can be converted into nitrosamines, which may cause cancer through ingestion or dermal exposure. A child could be exposed to them when touching or putting the product in the mouth.

Legal provisions (at EU level) and European standards against which the product was tested and did not comply

The product does not comply with the requirements of the Toy Safety Directive nor with the European standards EN 71-1, EN 71-3 and EN 71-12.
