Product Pottery wheel

Name Mini pottery wheel

Packaging description Small grey plastic bag

Brand Unknown

Product description Small electrical pottery wheel.

Risk type Chemical  
Environment

Risk description The plastic cord has excessive concentrations of short chain chlorinated paraffins (SCCPs), bis(2-ethylhexyl) phthalate (DEHP) and dibutyl phthalate (DBP) (measured value up to: 1.4%, 0.32% and 1.5% by weight, respectively). The solders in the product have an excessive concentration of lead (measured value: up to 32% by weight). SCCPs persist in the environment, are toxic to aquatic organisms at low concentrations and bio-accumulate in wildlife and humans, posing a risk to human health and the environment. Prolonged exposure to them through the skin may cause cancer. These phthalates may harm the health of children by causing possible damage to their reproductive system. Lead poses a risk to the environment.

Legal provisions (at EU level) and European standards against which the product was tested and did not comply

The product does not comply with the Persistent Organic Pollutants (POP) Regulation nor with the Directive on the restriction of the use of certain hazardous substances in electrical and electronic equipment (RoHS 2 Directive).
