(Text with EEA relevance)

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) No 1025/2012 of the European Parliament and of the Council of 25 October 2012 on European standardisation, amending Council Directives 89/686/EEC and 93/15/EEC and Directives 94/9/EC, 94/25/EC, 95/16/EC, 97/23/EC, 98/34/EC, 2004/22/EC, 2007/23/EC, 2009/23/EC and 2009/105/EC of the European Parliament and of the Council and repealing Council Decision 87/95/EEC and Decision No 1673/2006/EC of the European Parliament and of the Council⁽¹⁾, and in particular Article 10(6) thereof,

Whereas:

- (1) In accordance with Article 14 of Directive 2013/53/EU of the European Parliament and of the Council⁽²⁾, products which are in conformity with harmonised standards or parts thereof the references of which have been published in the *Official Journal of the European Union*, are presumed to be in conformity with the requirements set out in Article 4(1) of Directive 2013/53/EU and Annex I to that Directive where they are covered by those standards or parts thereof.
- (2) By Commission Implementing Decision C(2015) 8736⁽³⁾, the Commission made a request to the European Committee for Standardization (CEN) and the European Committee for Electrotechnical Standardization (Cenelec) for the drafting and revision of harmonised standards in support of Directive 2013/53/EU (the 'request'). The requested harmonised standards were to address the stricter essential requirements set out in Article 4(1) of Directive 2013/53/EU and in Annex I to that Directive, in comparison with the repealed Directive 94/25/EC of the European Parliament and of the Council⁽⁴⁾.
- (3) On the basis of the request, CEN revised the following harmonised standard, the reference of which is published by Commission Implementing Decision (EU) 2022/1954⁽⁵⁾: EN ISO 15085:2003 as amended by EN ISO 15085:2003/A1:2009 and by EN ISO 15085:2003/A2:2018 – man-overboard prevention and recovery. This resulted in the adoption of harmonised standard EN ISO 15085:2024 on protection from falling overboard and means of reboarding.
- (4) On the basis of the request set out in Implementing Decision C(2015) 8736, CEN also drafted the new harmonized standard EN ISO 8665-2:2024 on power measurements and declarations for electric marine propulsion.

⁽²⁾ Directive 2013/53/EU of the European Parliament and of the Council of 20 November 2013 on recreational craft and personal watercraft and repealing Directive 94/25/EC (OJ L 354, 28.12.2013, p. 90, ELI: <http://data.europa.eu/eli/dir/2013/53/oj>).

⁽³⁾ Commission Implementing Decision C(2015) 8736 of 15 December 2015 on a standardisation request to the European Committee for Standardisation and the European Committee for Electro-technical Standardisation as regards recreational craft and personal watercraft in support of Directive 2013/53/EU of the European Parliament and of the Council of 20 November 2013 on recreational craft and personal watercraft and repealing Directive 94/25/EC.

⁽⁴⁾ Directive 94/25/EC of the European Parliament and of the Council of 16 June 1994 on the approximation of the laws, regulations and administrative provisions of the Member States relating to recreational craft (OJ L 164, 30.6.1994, p. 15, ELI: <http://data.europa.eu/eli/dir/1994/25/oj>).

⁽⁵⁾ Commission Implementing Decision (EU) 2022/1954 of 12 October 2022 on harmonised standards for recreational craft and personal watercraft drafted in support of Directive 2013/53/EU of the European Parliament and of the Council (OJ L 269, 17.10.2022, p. 20, ELI: http://data.europa.eu/eli/dec_impl/2022/1954/oj).

- (5) The Commission, together with CEN, has assessed whether the standards EN ISO 8665-2:2024 and EN ISO 15085:2024 comply with the request.
- (6) The standards EN ISO 8665-2:2024 and EN ISO 15085:2024 satisfy the requirements they aim to cover, and which are set out in Article 4(1) of Directive 2013/53/EU, as well as in Part A of Annex I to that Directive. It is therefore appropriate to publish the references of those standards in the *Official Journal of the European Union*.
- (7) Annex I to Implementing Decision (EU) 2022/1954 provides the references of harmonised standards conferring a presumption of conformity with Directive 2013/53/EU. In order to ensure that the references of harmonised standards drafted in support of 2013/53/EU are listed in one act, the references of harmonised standards EN ISO 8665-2:2024 and EN ISO 15085:2024 should be included in that Annex.
- (8) It is necessary to withdraw from the L series of the the *Official Journal of the European Union* the reference of harmonised standard EN ISO 15085:2003 as amended by EN ISO 15085:2003/A1:2009 and by EN ISO 15085:2003/A2:2018, given that it has been revised. It is therefore appropriate to delete that reference from Annex I to Implementing Decision (EU) 2022/1954.
- (9) In order to give manufacturers sufficient time to prepare for the application of harmonised standard EN ISO 15085:2024, it is necessary to defer the withdrawal of the reference of harmonised standard EN ISO 15085:2003 as amended by EN ISO 15085:2003/A1:2009 and by EN ISO 15085:2003/A2:2018.
- (10) Implementing Decision (EU) 2022/1954 should therefore be amended accordingly.
- (11) Compliance with the harmonised standards confers a presumption of conformity with the corresponding essential requirements set out in Union harmonisation legislation from the date of publication of the reference of such standard in the *Official Journal of the European Union*. This Decision should therefore enter into force on the date of its publication,

HAS ADOPTED THIS DECISION:

Annex I to Implementing Decision (EU) 2022/1954 is amended in accordance with the Annex to this Decision.

Article 2

This Decision shall enter into force on the day of its publication in the *Official Journal of the European Union*.
