DIREZIONE GENERALE PER L'IGIENE E LA SICUREZZA DEGLI ALIMENTI E LA NUTRIZIONE

UFFICIO 7 Sicurezza e regolamentazione dei prodotti fitosanitari

COMUNICATO

Proroga dei prodotti fitosanitari contenenti sostanze attive approvate e riportate nel regolamento (UE) n. 195/2017

Nel regolamento di esecuzione (UE) n. 540/2011 è riportato l'elenco completo delle sostanze attive approvate o che si ritengono approvate ai sensi del regolamento (CE) n.1107/2009 del Parlamento europeo e del Consiglio relativo all'immissione sul mercato dei prodotti fitosanitari, con l'indicazione del periodo di approvazione per ciascuna di loro.

Considerati il tempo e le risorse necessari a completare la valutazione delle domande di rinnovo delle numerose approvazioni di sostanze attive in scadenza tra il 2019 e il 2021, con la decisione di esecuzione della Commissione C(2016) 6104 è stato stabilito un programma di lavoro che raggruppa le sostanze attive simili e fissa le priorità sulla base di criteri di sicurezza per la salute umana e degli animali o per l'ambiente, di cui all'articolo 18 del regolamento (CE) n. 1107/2009.

Pertanto, con il regolamento (UE) n. 195/2017, il periodo di approvazione per le sostanze attive che non rientrano nelle categorie prioritarie di cui alla decisione di esecuzione C(2016) 6014, tenendo conto dell'attuale data di scadenza, è stato prorogato di due o tre anni.

Ciò premesso è necessario prorogare, per lo stesso periodo, anche a livello nazionale, i prodotti contenenti tali sostanze attive.

Sono fatti salvi i prodotti fitosanitari che contengono queste sostanze attive in combinazione con altre sostanze attive aventi diverse date di scadenza.

Il Comunicato sarà pubblicato nella Gazzetta Ufficiale della Repubblica Italiana e avrà valore di notifica alle Imprese interessate, mentre sul portale del Ministero sarà pubblicato, unitamente al presente Comunicato, l'elenco completo dei prodotti fitosanitari oggetto di proroga.

Roma, 06/03/2017

IL DIRETTORE GENERALE

f.to Dott. Giuseppe RUOCCO
