

Commission communication in the framework of the implementation of Directive 2009/142/EC of the European Parliament and of the Council relating to appliances burning gaseous fuels

(Publication of titles and references of harmonised standards under Union harmonisation legislation)

(Text with EEA relevance)

(2018/C 118/05)

In accordance with the transitional provision of Article 44 of Regulation (EU) 2016/426 of the European Parliament and of the Council of 9 March 2016 on appliances burning gaseous fuels and repealing Directive 2009/142/EC ⁽¹⁾, Member States shall not impede the making available on the market or the putting into service of appliances covered by Directive 2009/142/EC of the European Parliament and of the Council ⁽²⁾ which are in conformity with that Directive and which were placed on the market before 21 April 2018. Accordingly, harmonised standards the references to which have been published under Directive 2009/142/EC, as listed in column 2 of this Commission Communication, continue to confer a presumption of conformity only with that Directive only until 20 April 2018. Such presumption of conformity under Directive 2009/142/EC will cease as from 21 April 2018.

Warning (1): This publication does not cover portable flat gas stoves (2).

- (1) In accordance with Commission Implementing Decision (EU) 2015/2414 of 17 December 2015 on the publication with a restriction in the *Official Journal of the European Union* of the reference of harmonised standard EN 521:2006 'Specifications for dedicated liquefied petroleum gas appliances – Portable vapour pressure liquefied petroleum gas appliances' in accordance with Directive 2009/142/EC of the European Parliament and of the Council (OJ L 333, 19.12.2015, p. 120).
- (2) Flat gas stoves consist of a burner assembly fitted on a horizontal body containing an integrated compartment for a gas cartridge beside the burner.

- Cenelec: Rue de la Science 23, 1040 Brussels, BELGIUM. Tel. +32 25500811; fax +32 25500819 (<http://www.cenelec.eu>)
- ETSI: 650, route des Lucioles, 06921 Sophia Antipolis, FRANCE. Tel. +33 492944200; fax +33 493654716 (<http://www.etsi.eu>)

Note 1: Generally the date of cessation of presumption of conformity will be the date of withdrawal ('dow'), set by the European standardisation organisation, but attention of users of these standards is drawn to the fact that in certain exceptional cases this can be otherwise.

Note 2.1: The new (or amended) standard has the same scope as the superseded standard. On the date stated, the superseded standard ceases to give presumption of conformity with the essential or other requirements of the relevant Union legislation.

Note 2.2: The new standard has a broader scope than the superseded standard. On the date stated the superseded standard ceases to give presumption of conformity with the essential or other requirements of the relevant Union legislation.

Note 2.3: The new standard has a narrower scope than the superseded standard. On the date stated the (partially) superseded standard ceases to give presumption of conformity with the essential or other requirements of the relevant Union legislation for those products or services that fall within the scope of the new standard. Presumption of conformity with the essential or other requirements of the relevant Union legislation for products or services that still fall within the scope of the (partially) superseded standard, but that do not fall within the scope of the new standard, is unaffected.

Note 3: In case of amendments, the referenced standard is EN CCCC:YYYY, its previous amendments, if any, and the new, quoted amendment. The superseded standard therefore consists of EN CCCC:YYYY and its previous amendments, if any, but without the new quoted amendment. On the date stated, the superseded standard ceases to give presumption of conformity with the essential or other requirements of the relevant Union legislation.

NOTE:

- Any information concerning the availability of the standards can be obtained either from the European standardisation organisations or from the national standardisation bodies the list of which is published in the *Official Journal of the European Union* according to Article 27 of Regulation (EU) No 1025/2012 of the European Parliament and of the Council ⁽¹⁾.
- Standards are adopted by the European standardisation organisations in English (CEN and Cenelec also publish in French and German). Subsequently, the titles of the standards are translated into all other required official languages of the European Union by the national standardisation bodies. The European Commission is not responsible for the correctness of the titles which have been presented for publication in the Official Journal.
- References to Corrigenda ‘.../AC:YYYY’ are published for information only. A Corrigendum removes printing, linguistic or similar errors from the text of a standard and may relate to one or more language versions (English, French and/or German) of a standard as adopted by a European standardisation organisation.
- Publication of the references in the *Official Journal of the European Union* does not imply that the standards are available in all the official languages of the European Union.
- This list replaces all the previous lists published in the *Official Journal of the European Union*.
- More information about harmonised standards and other European standards on the internet at http://ec.europa.eu/growth/single-market/european-standards/harmonised-standards/index_en.htm
